Jen Moore archive and her death while guarding her own life and mine

Take eleven things reason rejects, add one that lies beyond its grasp, and you have twelve truths from which it cannot escape.

> "#11 Secret envelope...secret identities" 44 Seconds: She will reveal who lived at that home 850 N. Randolph 2nd Floor. 4 min 38 seconds Hitler Youth singing in Theaters for Hitler and his top codon. At least on one video and more she talks about the train out to Switzerland. Not all railroads are underground, the one she used to enter the USA in 1926 was underground to give birth in the USA. She may have been meeting with ARC of Prince George County when she was found dead, possibly a player in this. It was an Alps railroad to Switzerland in 1938. A train ride into Sweden in 1926.

> Yes. *The Story of the Trapp Family Singers* was the memoir written by Maria von Trapp.
>
> It was published in 1949 and became the basis for later adaptations, including the German films about the Trapp family and eventually the famous musical and film

The Sound of Music.

The book tells Maria's account of life with Georg von Trapp and the children in Salzburg, their musical touring career as the Trapp Family Singers, their departure from Austria after the rise of Nazi Germany, and their immigration to the United States.

The memoir differs in important ways from the Hollywood version.

- ➜ Maria was reportedly more assertive and complex than the cheerful movie portrayal.
- ➜ The family did not dramatically flee across the Alps into Switzerland as shown in the film; they actually traveled by train out of Austria toward Italy.
- ➜ Georg von Trapp was described by family members as warm and gentle, rather than the stern distant father initially shown in the movie.

The book helped shape the public image of the family for decades, though historians note that both the memoir and later films simplified or dramatized parts of the story.

"Happy Birthday Mr. President TNG"

The theory my autobiography offers is that Joseph Kennedy Sr. with Bull Halsey's help got Maria Kutschera into the USA to give birth after being impregnated during times at the Villa Von Trapp where both Franz Kutchera and Barron

Von Trapp were present. It was Duke Edward who impregnated her though she resided at Nonnberg Abbey

With her biological children of Norma Jean and Glorian Gainey separated at birth, Glorian to Denton, North Carolina and Norma Jean placed by Joseph Kennedy Sr. then not marrying Duke Edward she did marry Barron Von Trapp a close friend of his. That her Uncle Franz was a Nazi official only increased the pressure Maria Kutschera and her step children then had to support Nazim that Baron Von Trapp and she herself opposed.

The final straw came at about the time the now Duchess Von Trapp and the Barron were ordered to sing for one of Franz Kutchera's other allies Adolph Hitler. They refused to do so and took the mountain hugging train out of Austria.

This had all been arranged the the Catholic Kennedy family and the Vatican, and Norma Jean of age and supporting a now President John F. Kennedy at in this next generation she was going to sing Happy Birthday Mr. President to JFK. But there was an even more hidden meaning, they were providing a cover story birth in a scheme to have either Glorian or herself creating an August 4, 1962 faked birthday part of Barrack Obama Jr., himself born in Los Angeles County but being prepared for his own hidden identity and to possibly join the Von Trapps in a Catholic mission in Indonesia a plan started in the 1950's under Harpstar but cost the life of Micheal Rockefeller November 18,1961 the date of my birth.

East West Center LBJ Nixon John Foster Dulles Allen Dulles Senator LBJ is invovled in these plans, Prescott Bush is, George H.W. Bush is, Nixon is, Heart Publications and the British are backing them.

A deeper histor is the the Black Sites McMartin preschool and Franklin, NE were 2nd and now 3rd generation desendent studies of first generation defect holders who had children given secret identities inside the USA and born in the USA from underground railraod family 1926 Nazim.

It was a CIA plan and it was a CIA opportunity to watch and study those like Marilyn Monroe and others born in 1926 or their children.

The CIA has used "orphaned" CIA related family members as operators, agents of influence, etc., based in part on their bilogical connections to relatives in positions of influence who hope to have public support of those who have hidden ties. Blood is thicker than water and until 1983 much harder to see.

Writing about this history has been dangerous to my life as I have undergone so many physically vioelent attacks, property thefts and damage I have had to write locked into cement wall closets

Yungian Theory theory

Carl Jung's approach to child development is unique because he focused less on chronological milestones and more on how a child's psyche is deeply intertwined with their parents' unconscious lives. He famously argued that the most powerful influence on a child is the **"unlived life"** of the parents—the dreams, fears, and parts of themselves that parents have suppressed.

Key Concepts in Jungian Child Development

- → **Participation Mystique**: For roughly the first decade of life, a child does not have a fully separate psychology. They exist in a state of "mystical participation" with their parents, meaning they unconsciously absorb and act out the emotional conflicts their parents are trying to hide.
- → **The Development of "I"**: Jung believed true consciousness begins when a child first learns to use the word "I". Before this, the psyche is a collection of "islands" of consciousness; afterward, an ego-complex begins to form and stabilize.

- → **Parental Responsibility**: Jung frequently told parents that if they wanted to change something in their child, they should first see if it was something they needed to change in themselves. He viewed a "problem child" as a symptom of a family's internal struggles rather than an isolated issue.

- → **Stages of Life**: Jung used a **"Sunrise to Sunset"** metaphor. Childhood is the "sunrise," a period of preparation and outward expansion. It isn't until the "afternoon" of life (around age 40) that an individual truly begins the deep work of individuation.

The Child Archetype

Jung also explored the "Child" as a universal symbol within the adult psyche:

- → **The Divine Child**: Represents potential, new beginnings, and future growth.

- → **The Eternal Child (Puer Aeternus)**: An archetype of the man or woman who refuses to grow up, often resulting from a "devouring mother" or an absent father that prevents proper psychological separation from childhood.

- → **The Wounded Child**: Carries the unprocessed traumas and unmet needs from early life into adulthood, often driving irrational reactions in mature life.

I do not know Chinese and have never been in China. I can assure my reader that it is not altogether easy to find the right access to this monument of Chinese thought, which departs so completely from our ways of thinking. In order to understand what such a book is all about, it is imperative to cast off certain prejudices of the Western mind.

It is a curious fact that such a gifted and intelligent people as the Chinese has never developed what we call science. Our science, however, is based upon the principle of causality, and causality is

considered to be an axiomatic truth. But a great change in our standpoint is setting in. What Kant's Critique of Pure Reason failed to do is being accomplished by modern physics.

The axioms of causality are being shaken to their foundations: we know now that what we term natural laws are merely statistical truths and thus must necessarily allow for exceptions. We have not sufficiently taken into account as yet that we need the laboratory, with its incisive restrictions, in order to demonstrate the invariable validity of natural law. If we leave things to nature, we see a very different picture: every process is partially or totally interfered with by chance, so much so that under natural circumstances a course of events absolutely conforming to specific laws is almost an exception.

Why Child Develepmlent and Personality Types Studied at McMartin Preschool are a long history of murders, assasinations, and "*silencings*."

It was part of the JFK and RFK deaths to silence them as it was to silence Marilyn Monroe and Dorothy Kilgallen, and to silence Gary Caradori and his child in a private plane crash part of murders in Corpus Christi in an illegal Identity Theft con job ring, and the murder of Jen Moore who was telling the public about why these deaths on the Donegan family are tied togther, at the McMartin preschool and my JFK RFK and Dean Rusk connected family, and CIA plans for Indonesia especially in MK-Ultra and yes even the Obama parents part of CIA operatoins targeting both Kenya, Cuba, and Indonesia.

Out of Wedlock children with no known (or falsified) paternal and maternal histories are candidates to be studied in Black Sites, Project Paperclip were genes studies were underway. This is what Mark Lane Ted Gunderson, Ted Gunderson, and Ed Donegan assert was CIA plans to study the brain in numerous locations. Ted Gunderson said some of these children were "sold into slavery" (not a very good term for it and what really happened is parents chose to adopt orphans or if one parent was identified they might marry into a family living abroad. These were Agent-Of-Influence family lines that would have economic or political influence on foreign nations, and have a family history of ties to the USA and factions in foreign nations supporting the USA openly and covertly. Other Black Sites have been suggested including Newton and the bizzare cult family Julian Assange was raised in.

Child Development Studies Who is a Good Egg and what is detectable in Bad Eggs?

“That child is a good egg” is an idiom in English.

It means the child is kind, well-behaved, and has a good character—basically, a genuinely nice kid.

> - ➜ **Allen Dulles: Allen Welsh Dulles** (/ˈdʌlɪs/ *DUL-iss*; April 7, 1893 – January 29, 1969) was an American lawyer who was the first civilian director of central intelligence (DCI), and its longest

serving director. As head of the Central Intelligence Agency (CIA) during the early Cold War, he oversaw numerous activities, such as the 1953 Iranian coup d'état, the 1954 Guatemalan coup d'état, the Project MKUltra mind control program, and the Bay of Pigs Invasion in 1961. As a result of the failed invasion of Cuba, Dulles was forced to resign by President John F. Kennedy and was replaced with John McCone for the remainder of the Kennedy administration.

- ➜ **John Foster Dulles:** [a] (February 25, 1888 – May 24, 1959) was an American politician, lawyer, and diplomat who served as United States secretary of state under President Dwight D. Eisenhower from 1953 until his resignation in 1959. A member of the Republican Party, he was briefly a U.S. senator from New York in 1949. Dulles was a significant figure in the early Cold War era who pushed for an aggressive rollback campaign against communist regimes and their allies throughout the world. Succeeded by Christian Herter whose work led by Nixon and Allend Dulles foreran the Marshall Plan.
- ➜ **L. Fletcher Prouty:** From 1962 to 1963 he served as Chief of Special Operations with the Joint Staff. He would be delegated to Air Force Brigadier General Edward Lansdale, who in early 1961 became the Assistant to the Secretary of Defense for Special Operations. He met regularly with Lansdale in the OSO and Allen Dulles to plan military surplus hardware needs for covert operations. Indonesia 1958: Nixon, the CIA, and the Secret War © 1976 by L. Fletcher Prouty In 1958 Allen Dulles would have brought such a major operation to the attention of the Special Group and he would operate with its approval. This was an essential step in national policy because it then empowered the Department of Defense to provide the necessary support requested by the CIA. Much of this fell within the area of my responsibility at Air Force Headquarters, and I (Prouty) was kept informed on a regular basis of approved action and of Nixon's keen interest in this project.

- ➜ **Mockingbird:** Press Corps allegiances with propoganda, denials of the truth, cover-up, and as front organizations for the alphabet agencies remain the norm even in racketeering schemes and slander of dissidents. Some free press does exist but often self-published and widely ignored mostly and when discussed reviewed very critically. Ed Donegan aspires to be the next Russ Baker, Chakin, Tarply, and Jen Moore, Ted Gunderson, William Colby, John DeCamp, and others. Refusal of press to cover any stories related to the largest events in world history. Before and after the death of Jen Moore I was using (police and fire ems harrased) housing as home office space to write on my biography and the Kennedy assasination as part of that, the Donegan piece of it and McMartin School, etc., To Write Read The Think Tank I Built At 15 13 Ocean Drive. I show some of the path of my reseach here in the Kindle Unlimited 2025 history that I often included in my books as recomended reading.

As I write in 2025 and before on this history of Holt, Grace Ranch, Indonesia including the Obama family connecions does this have something to do with Nancy Guthrie? The CIA and scrapbooks and quotes from her and others and still hidden history?

Is there at Texas connection to these events AND the death of Jen Moore?

The Death of Jen Moore, theft of Ed Donegan's mail and computers, and possibly the death of Nancy Guthrie may be the Holt and Grace Ranch story Ed Donegan and Col. Fletcher Prouty have been writing about

I will refer to her statements on the wide-ranging criminal conspiracy she asserted and re-asserted and described in various elements across a string of videos.

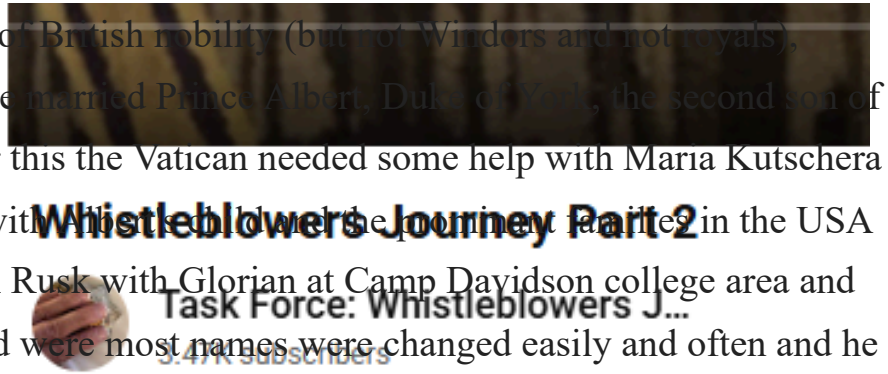
Jen Moore on murders occuring to silence the Truthtellers of CIA, Allen Dulles, John Foster Dulles, and Cold War story that JKF (and RFK) were assinated over. And this information is in the Donegan family biography. And in the life-time experience of Charles and Nancy Guthrie. Jen Moore was found dead as she asserted criminal elemnts in government were hiring thugs and mentally ill to "silence" those telling this historical information.

❖ Jospeh Kennedy Sr. 1920's Hollywood and and later Embassador to Great Britain

“

- **→ Vatican and some British RKO connections:** He was invloved in politics and international affairs quite early in his life.
- **→ With Dean Rusk in Norh Carolina and himself in Hollywood got (with Halsey helping) Glorian and Norma Jean in to the USA:** Both were born in the USA likely the real birthdate for both is December 13, 1926 but the records have been faked. The Donegan side and being the Von Trapp family story with Edward of Wales the likely father is what is in my family oral history.
- **→ Joseph Kennedy Sr was close with the Windsor family:** Queen Elizabeth the Queen Mother aka Elizabeth Angela Marguerite Bowes-Lyon wasn't really a Royal herself but she married Albert of York and helped encourage Albert in seekign speech therapy.

She herself was 26 in 1926. Born into a family of British nobility (but not Windors and not royals), Elizabeth came to prominence in 1923 when she married Prince Albert, Duke of York, the second son of King George V in 1923. It was three years after this the Vatican needed some help with Maria Kutschera who was in a convent pregnant in 1926 likely with Albert's child and the government families in the USA helped take the children born in the USA. Dean Rusk with Glorian at Camp Davidson college area and Joseph Kennedy Sr. the godfather in Hollywood were most names were changed easily and often and he had extensive influence.



- ➔ **In the Cold War he was still relied on:** The Joseph Kennedy Jr. Fund the charity in the name of his pilot son killed in WW 2 radio controlled bomber experiemation) would be part of Indonesia planning helping place Barrack Obama Jr. as a CIA project with CIA backing.
- ➔ **The Donegans of 1920's Irish Roman Catholic immigrat families of Dorchester:** Many names would continue in the Donegan story line like Col Prouty who worked with Edward Lansdale and was the Briefing Officer to JFK (or LBJ) during NSC meetings. Other names would be E. Howard Hunt, Richard Bissle Jr., Allen Dulles, Chauncey Marvin Holt, and others often involved in Indonesia and I believe and Sam Giancana beleived Marilyn Monore was also part of the Indonesia plot and thus was killed with barbituates.

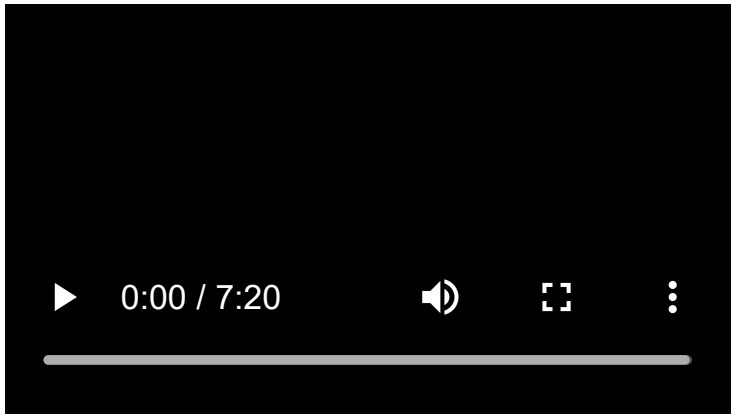
The Subject Matter of the Donegan biography and institutional and open police hostility to it

Open acts of violence, open death threats, clear break-ins and smears under color of law unless me and others "stop snitching" as the thugs sent after us say it. Publishing in the USA on corruption

> 10.1 Part 1 Manafort, Ukraine, Trafficking & Rule of law

Jen Moore, before her death, talking about my family (the Donegan's) and its history being attacked by police, fire, EMS, and county worker–directed homeless thugs. These social-clensing elements using smear campaigns and credible death threat scenarios like branding weapons or dry firing them were meant to traumatize into submission, if that did not enforce or gain silence, to kill the whistle-blowers tied To McMartin Preschool, Epstein and Donald Barr and the JFK ties going even deeper into 1950's and 1960's history:



> "**Um, first anonymously because I am in danger, uh, if I don't do it anonymously...** [then this will reveal the identities of Ed Donegan, Glorian Donegan, and other Donegans.] And so that was my attempt [anonymous names] and for reasons that still have not been cleared up to this day, um, I also shared some information with Congress anonymously as a whistleblower."
>
> **And a short time after that I was jumped and assaulted at my home by four individuals in what has been told to me was an attempted hit job. And so I managed to survive** [several attacks did send her to the hospital for injuries].
>
> Um, but I didn't have a lot of options, and because I had been a whistleblower before in law enforcement [at the City of Tracy, California Police Department, before earning a Master's in Psychology and working in an illegal Borderline Personality Research Program tied to Allen Dulles,

the CIA, and the hit on JFK during that research], um, I didn't have a lot of options with some of those guys helping me out-I didn't know who to trust.

So I received some phone calls after that. And I'm not going to go into all the details of that case yet, but I received some phone calls after that from some trusted sources who told me, after a couple of months of kind of lying down [shaking in fear, she reports frequently] in extreme fear-my PTSD had trapped my body in a freeze position-who told me, "**Get out. Get out now because they're going to finish the job.**" So, um, **the warning that I got *during* the assault...**

Uh, was that, number one, these guys were lying in wait for me. They knew my name. **And the warning that I got from them was that I better keep my effing mouth shut and better stop talking to anybody.**

So, you know, **heard loud and clear** to me.

But, you know, I had a determination to make at that time. Um, this has been going on for years with other things, and I just couldn't stand by anymore. I was just so sick of being silenced, and I knew that my own PTSD was a result not only of the trauma and the things that I had witnessed [as a police detective], part of it, **but the majority of it was from being hunted** [and threatened during the assaults].

From being a whistleblower. **From retaliation, from threats, from lies and smears,** and all the different things you've heard that they do to those of us who stand against corruption-especially [corruption] within the justice system.

> Those of us that are the most trusted (fire, EMS, police, county workers) are often the ones that win all the awards (right after committing corrupt acts). You get to a certain point and, um, uh, you either turn a blind eye or, you know, all hell breaks loose. And that's happened to many, many people-thousands of people. [In the McMartin Preschool, Franklin, Nebraska, and cover-ups William Colby and others tried to document in fear of their lives.]
>
> And so I had a choice last summer-or not really a choice. I was told, like, get out, get out now. And because I had been helping this one YouTube channel, um, a whistleblower-and many people know who that is-my only thought process was, well, where am I going to go hide? They, you know, I've been trying to hide for years, and they find me wherever.

Jen Moore was assassinated. At 2 minutes she explains a criminal network of slander, frame jobs, and "entrapments" attacking whistleblowers and covering up the Donegan family story that she (and myself, Ed Donegan) are telling while experiencing death threats and violent attacks premised on or parallel with the slander. She, like I, asserts the Donegan family biography is part of concealing details going back to the Kennedy–Donegan family all the way into Dorchester and 1926. It was actually part of *hidden identities* [all through life since birth] in the USA, and children in the McMartin Preschool in California and Franklin, Nebraska's Boystown deaths have surrounded. This illegal covert operation is one of subversion conspiring against biographers of this history with baseless allegations. Close connections to George H.W. and the CIA are asserted by experts in the matter.

❖ Understanding what Ed Donegan in his life Assert is Interconnections with Threats to Him and Deaths of Others

“

- **→ I have expressed to my family fear of my life in San Francisco after 9/11:**I had recently been fired from my high tech security job and I was sure people around town were very confused about me. At the same time I asserted I was being followed. My father Jim Donegan of Dorchester visited and was concerned. At this time he live in Lincon, CA though, not Boston area of MA.
- **→ I expressed strong immigrant views but that was not the issue:** I had been curious about the bizarre FOXP2 I carry and our family line and viewed myself as an individual not typical white or typical black by typical profiles. Research related to disabilities was an issue too and I was from McMartin Preschool, Manhattan Beach City were covert research by the CIA was carried out (Yes it was and Jen Moore will back me up on this.)
- **→ A very odd misdemeanor arrest happened in 2007:** I was trying to get grant information and accused them of bias and have sent FBI and other thugs to Stalk me. I wanted information from the from FOIA and not to be followed while doing so. I was arrested, underwent psych eval and released in 2009 to my mothers home in the Eastern District of Virginia, Arlington County VA. I continued to assert politically motivated stalking and while in a psych-ward United States Secret Service Dr. Lina Alathari is the Chief of the U.S. Secret Service National Threat Assessment talked to me about mild views but really wanted to bridge into politics. She was a suicide counselor and I spent hours explaing I thought immigration was leading to trouble. She (or someone else) had planted nooses on me as threat and treated me as one marginalizing me and becoming an "expert" on our political views.

- ➞ **Leaving for Texas:** In the apartment in Alrington, VA there are bizarre events. Later friends of mine from California will notice too, my identity is being stolen, fake records are being created. I am called delusion, hospitalized them released and move to Texas.
- ➞ **My records have been faked and I have an eviction forcing homeless in Texas:**Jen Moore is involved by 2018. She know what I know, the history of my family in the Cold War. She asserts the Eastern District of Virginia is doing a hit on me, and it is really sabotage in the legal and mental health system using them as tools to ruin my life. Jen Moore is found dead but left voluminous videos and audio on the Cold War, events leading into them, and how MK-Ultra and subversion of nation under Allen and John Foster Dulles were part of my family interlinked with the dispute between Nixon and JFK over overthrows.
- ➞ **Between 2019 and 2025 I am writing but homeless and at risk for crime:**While homeless my works are being plagiarized with key pieces missing and the press badly misunderstands what Jen More had said which did support my story I felt threatened about. JFK and RFK versus the Republicans Nixon Governor Rockefeller Ford, and Bush Cheney and CIA plans. LBJ backed the CIA over JFK and reversed RFK decisions.
- ➞ **The homeless resulted from a cycle of extortion and sex abuse under Color of Law:** Operating federally between my Trust Fund in Jessica Aber Eastern District of Virginia (EDVA) where I had lived and my mother's trust fund was left written by Elder Law Partners. It was a federal extortion and coercion machine run under Color of Law between false allegations in Texas leaving me homeless and in abuse situations and the Trust Fund and Jessica Aber making extortion payments. I did not want false claims rewarded but the Trust Fund did seek to and used even biological and other Donegan legacy property rights signed away by them to corrupt elements who if caught as being in this extortion ring and sex abuse would face the death penalty. This has operated years early but I had caught it and found the evidence being denied me and Jen Moore had it along with with she already had. One day later she was murdered.

- **→ Mark Gonzales "The Most Unlikely DA in America" (Politico) is using thugs and homeless to to extort myself and the Trust:** Jen Moore and I assert there is a race baiting and false allegation scheme Mark Gonzales is in discrediting me with false allegation made against me by his political base of sometimes gang members, often immigrant families living in the US destitute and illegally, and while I had a trust and honest the trust should not be did allow gang members to make claims against it. The trust fund had an open hatred of Trump and right wing politics and thought my defamation and false allegations were a wonderful way to damage me and wonderful way to help the indigent who had not trust funds. Jen Moore left hours of statements on this, tried to get information to the Senate and to Matt Gaetz in the House of Reps, and I had the files too and it was one day later after those files were presented to police and others Jen Moore was found dead (August 17, 2018 to Capitola Police, California, August 18,2018 Jen Moore asserting she had the files then found dead.
- **→ 2025 :** I am admitted to Marshaling Yard homeless shelter in Austin where thugs seem to know my name and make lif tough and make using notebook computer dangerous to try. I am concerned the Jen Moore videos wil be lost those videos assert a D.C. area harassment plot that was a threat to my life and she had inside information on.
- **→ 2026:** Nancy Guthrie is part of that Indonesia story of mining and Suharto of Indonesia and Prouty and Holt that my family are tied to. Now I go back again to Jen Moore accusing 2018 Eastern District of Virginia as illegal discrediting of my to serve high ranking political forces in a cover-up. Jessica Aber dies about that time and nearly die at that time. I had long said I prefer sealed food, etc., but had eaten out and had two week long of abnormal heart rhythm. I am suspicious but move on. Then as we come out of the winter holidays and my archive and writing is ready and getting release by me (after an 8 year wait) a key Indonesia witness husband of Charles Guthrie dies. I am going to upload the Jessica Aber info. Aber was

using her father and others in operation to discredit me often by taking credit for my work before I have even published it. Her father worked with Baxter-Siemens and there was a helicopter crash too.

It was the Pacific War Historian or at lest a lot of it was

If there is any record of this tied to Freeport Mining or other details of the plans in that era we will never know. Freeport-McMoRan Inc., often called Freeport, is an American mining company based in the Freeport-McMoRan Center, in Phoenix, Arizona. The company is the world's largest producer of molybdenum, is a major copper producer and operates the world's largest gold mine, the Grasberg mine in Papua, Indonesia.

High-confidence: Charles Guthrie was a mining engineer; it’s plausible his work was entirely in Australia (and possibly nearby Pacific regions). *Low-confidence / hypothesis*: Some mining engineers and mining firms had dealings with Indonesia during the New Order; it’s possible—but not established—that Charles Guthrie did. Freeport was the first major foreign company to sign a mining agreement in Indonesia’s “New Order” period. The original Contract of Work dates to 1967, right as Suharto consolidated power and Indonesia began courting foreign capital.

- ➜ **Tuscon, AZ:** Grace Ranch and the 1958 operation for Indonesia culminating in 1968 or 1973.
- ➜ **Australia:** Holt was likely flying the B-26 aircraft from the Christmas Islands or at least to there.
- ➜ **Kennedy Assasination:** JFK and RFK objected the Grace Ranch base of the CIA left to Dealey Plaza.
- ➜ **Presidential History:** Today the Guthrie family is mostly linked to Al Gore and the Clinton's politicaly who Ed Donegan suspects the least but has some fincial connections to Barrack Obama Jr. Democracy Partners (DP), Podesta, and others have been accused of misconduct.

Grasberg mine in Papua:

Reportedly, yes: multiple recent news/profile pieces about Savannah Guthrie's family say her father, Charles Guthrie, worked for Phelps Dodge, often describing him as a mining engineer. I did not find a primary employment record in the sources I checked, so I'd phrase it as "reported," not fully independently verified.

On Indonesia: there is a connection, but it needs a distinction.

Phelps Dodge itself was a major U.S. mining company. The clearest Indonesia link in the records I found comes from its 2007 acquisition by Freeport-McMoRan. After that deal, the combined company's Indonesian business centered on PT Freeport Indonesia and the Grasberg mine in Papua. Freeport's own filings and site describe those Indonesian operations, and merger materials explicitly tied Phelps Dodge to the combined company's Indonesia exposure.

> Here's a clean 5–6 line timeline of the Grasberg mine in Papua, Indonesia:
>
> - ➜ 1936 – Dutch geologist Jean Jacques Dozy identifies the Ertsberg ore body ("Ore Mountain").
> - ➜ 1967 – Indonesia signs its first Contract of Work with Freeport-McMoRan (then Freeport Sulphur), marking a major post-independence foreign investment.
> - ➜ 1973 – Commercial mining begins at Ertsberg, the precursor to Grasberg.
> - ➜ 1988 – Discovery of the much larger Grasberg deposit, which becomes one of the world's richest gold/copper reserves.
> - ➜ 1990s–2010s – Massive expansion; Grasberg becomes a flagship global mining operation under Freeport-McMoRan via PT Freeport Indonesia.
> - ➜ 2018–present – Indonesia, through state-owned MIND ID, takes majority ownership (about 51%); operations shift from open pit to large-scale underground mining.

One of the most dangerous prospects of all was fighting in the Pacific during WW 2 and after it. THe cost in lives was already high and had the potentional to be astronimcal both in WW 2 and after it.

Japan surrendered in World War II on September 2, 1945, formally ending the conflict, with the ceremony held aboard the USS Missouri in Tokyo Bay. Following the atomic bombings of Hiroshima and Nagasaki, Emperor Hirohito

announced the surrender on August 15, 1945, accepting the Potsdam Declaration's terms for unconditional surrender.

In 1949 the Allies including those E. Howar Hunt, Dorothy Wietzel, Col Prouty, James Paul Dogegan became a part of the post-war era, the Cold War and holding the Pacific much from China and Russia and this included Indochina and nations off the coast Astraalia and near the middle of the Pacific Ocean, Hawaii.

> Ed Donegan believes that his family—along with other like-minded people—thought it was necessary to "short-circuit" the nuclear "red button" for H-bombs by preventing any moment when a leader might press it.
>
> In this view, preemption meant identifying moderate, peace-oriented candidates, discreetly supporting them, and in some cases helping to install them in positions of influence.
>
> The stakes, as Donegan frames them, were enormous: avoiding the loss of U.S. soldiers in a potential new Pacific theater, and preventing catastrophic nuclear exchanges that could devastate both the USSR and the United States.
>
> Because of that, he argues, some alternative pathway had to be created—some way to divert decision-making away from a direct route to atomic war.
>
> He further believes that parts of the Eastern Establishment shared this general impulse, citing figures such as Cord Meyer.
>
> But there was a deep internal contest over how to manage the Cold War's dangers.

One side pursued outcomes through coercion—assassinations, coups, and reliance on “strong men.”

Another side favored influence through legitimacy and persuasion: building relationships through U.S. aid, development programs, and other open outreach efforts.

Indonesia became one of the arenas where these competing approaches collided.

According to Ed Donegan, and based on statements he attributes to his father, James Paul Donegan, the preferable strategy in Indonesia was not force or manipulation through violence, but the pursuit of a likable, honorable leader—someone who could stabilize the country and reduce the risk of escalation—thereby “short-circuiting” a path toward hot war.

Indonesia — Visits by Richard Nixon

Jen Moore and Ed Donegan assert the death of Nancy Gutrhie is tied to long standing espionage activity. Jen Mooore died 8 years before Nancy Gutrhie but the Holt and Sam Giancana and Ed Donegan stories of Allen Dulles, John Foster Dulles, JFK hit coverups interlink with Suharto and Sukarno history. Who is Who in a complex case in Tuscon, AZ

Confirmed Visit

- ➔ **April 1953** — Nixon visited Indonesia as Vice President of the United States during a broader Asian goodwill tour early in the Eisenhower administration.
- ➔He met with Indonesian leaders, including President Sukarno.
- ➔The trip was part of a diplomatic effort to strengthen U.S. relations in Southeast Asia during the early Cold War.

As President (1969–1974)

- ➔There is no record of an official presidential visit to Indonesia by Nixon during his presidency.
- ➔U.S.–Indonesia relations during his presidency were managed through diplomatic and strategic channels rather than a state visit.

Timeline Clarification

- ➔If you're specifically thinking of 1957, there was no Nixon visit to Indonesia that year.
- ➔In 1957 he made major trips to Africa and Europe, but not Indonesia.

Scoundrels will Scandalize

Who would act a against a Target in an illegal way often gleefully and often defrauding, harrassing, attacking, conspiring against a person or that person's propery or that person's right? It was my brother who vowed to get me for my politics especially after my mother's death and he would never forgive my hostility towards gays, the very gays I spent most of my life theorizing for supporting gay rights and gay marrage in Poltical Rights and most of my life in the San Francisco Bay area since the 1980's. I was being DARVO reversed on this. In fact at Honor Fligth DCA with some relutance towards US patriotism in corrupt country I said perhaps even more so than anything else or at least equally with anything else (I think I told this to Daniel Sturgis, Bebe, and other and to Tom and Mark) I was supporting the defeat of the Lavender Triangle abuse of gays in Nazi Germany, both those who had not researched movies like The Last Days of Sophie Shcoll had never even heard of that.

I have asserted Foundation Communities, the ARC of Nova, perhaps Catholic Charities were eager to defaud and extort my activitie whenever they could find a way to do so. This is how COINTELPRO often finds participants and this always true of covert actions.

> The book [Self-Portrait of a Scoundrel] Book by Chauncey Marvin Holt follows Holt’s fascinating career. It reveals the inter-connection among organized crime, major business leaders, state and national politicians, and covert members of the Central Intelligence Agency.
>
> In 1950, when the compulsive gambler and notorious womanizer, Senator Estes Kefauver, was keeping the spotlight on his professional life by having nationally televised investigations into organized crime, Holt had to leave Florida.

He had been working for various legitimate accounting firms that were handling Lansky‘s work, as well as being the office manager for Lansky’s Gator Corporation.

Holt had devised numerous creative accounting methods to help “respectable” members of Miami who fronted for Lansky, including Max Orovitz, Dan Ruskin, Baron de Hershmeyer, and others. He was certain to be called as a witness, something no one wanted. As a result, Lansky helped him get a job with the seemingly philanthropic International Rescue Committee (IRC). The truth was that the IRC was a front for the newly formed Central Intelligence Agency.

Holt changed his name to Marvin Hoyt, a name he used, along with several other aliases, until the Bay of Pigs fiasco. At that time he became known as John “Jack” R. Moon, the name he retained until he was cashiered out of the company, without prejudice, in 1975.

During that 25-year period, he had at least 25 separate identities. Some of these were “floaters,” names used for a short period to hide who he was. Others were permanent identities, so complete t hat they would withstand even the most intense scrutiny. The story of the CIA involvement discusses several headline making activities in which Holt was engaged. These include Operation Diablo {aka Operation Success} in which President Eisenhower ordered the CIA to get rid of Guatemalan leftist president Jacobo Arbenz Guzman. Holt, using the name Robert Ralston, was part of the team that freed Castillo Armas from a Guatemalan prison, then helped with the successful 1954 invasion of Guatemala.

The Political Poles of the Vietnam Era

RFK Pamphlet from The Great Treason

Robert F. Kennedy

> US POLITICS KENNEDY ELECTION CAMPAIGN

By 1968, RFK had:

- Broken publicly with LBJ over Vietnam. [And over the East-West-Center work for Indonesia too?]
- Framed the war as a moral crisis
- Attracted young voters, minorities, and anti-war activists
- Positioned himself as a bridge between establishment Democrats and the protest movement

Importantly, he was not initially anti-war in the early 1960s — his shift reflected the growing national disillusionment.

Many young people involved in folk and protest music saw RFK as someone who *might* reform the system from within.

🎤 "Changes" — What that verse really means

That verse hits hard because David Bowie is calling out a very specific tension between generations.

🔑 The full idea of the verse:

“And these children that you spit on
As they try to change their worlds
Are immune to your consultations
They’re quite aware of what they’re going through”

🧠 What he’s saying (in plain terms)

- **→ “These children that you spit on...”**
  He’s talking about young people being dismissed or judged by older generations—seen as naive, rebellious, or wrong.

- **→ “As they try to change their worlds...”**
  Young people are pushing for change—socially, culturally, politically. Think late 60s / early 70s shifts: identity, freedom, norms.

- **→ “Are immune to your consultations...”**
  They’re not listening to advice or criticism anymore. The old rules don’t hold power over them.

- **→ “They’re quite aware of what they’re going through”**
  This is key: Bowie is saying young people aren’t clueless—they know exactly what they’re doing and feeling.

⚡ The deeper message

Bowie flips the usual narrative:

- ➜ It’s not “kids don’t understand life”
- ➜ It’s more like “adults don’t understand change”

He’s highlighting a cycle:

- ➜ Every generation resists the next
- ➜ Change feels threatening
- ➜ But it’s inevitable

🎯 Why this line stuck with people

- ➜ It feels timeless—this tension still exists today
- ➜ It validates younger voices instead of dismissing them
- ➜ It challenges authority without sounding preachy

If you want, I can break down the entire song—it actually becomes even more interesting when you see how Bowie includes himself in the idea of change.

Richard Nixon

Nixon's 1968 campaign focused on:

- "Law and order"
- Appealing to the "Silent Majority"
- Promising "peace with honor" in Vietnam

He capitalized on:

- Urban unrest
- Campus protests
- Democratic Party fragmentation after RFK's assassination

His Vietnam strategy (Vietnamization + expansion into Cambodia) deepened the generational divide.

As I have been writing about this and producing a timeline that may includde the Guthrie family as connected with the CIA and thus akin to Holt activities also under the CIA Nancy Guthrie went missing.

And during that 1949 onwards time this meaing keeping the Russians out of Korea in 1952, the operation in Guatamal in 1954, Indonesia in 1958 (Holt mentions this discreatly in his book), and several operations against Castro following 1960 and later Vietnam.

Some of these were openly fought by the USA and others used covert WW 2 surplus aircraft that were worked on at Grace Ranch after taken out of the Davis-Monthan bone-yard. Prouty was the go-between to get the surplus planes from the US DOD to the forces in Indonesia and elsewhere.

This Cold War was part of the Dulles Brothers and James Jesus Angleton assasintion of JFK and RFK and attempt on Paul Schrade, and the Donegan Prouty Holt peice of this Ed Donegan and Jen Moore tell, and say to you now that the asasination of JFK affected not only the presidency during the term JFK was sworn in for but the presidencies that folled, nearly all of them if not all of them.

Intermediaries selected from society's worst (corrupt ranks in first responders and law enforcement) and recruited community dupes or hacks or hatchetemen) will be recruited for subversion and attack. Police will create scenarios treating a person as a nazi, pedohile, treat a Target as such, ask for drugs addict and media help to do smear jobs, political sabotage, use of guns to the skull to intimidate, knife attacks lewd behavior towards targets to traumatize them with disugst, disruptions to concentration to bring frurstraion and impeded work, et.,

Many well-known contested-circumstances suspicous deaths surrounding history's writers and witnesses are explained easily when these methods (agents of political officials as covert operatives) are understood. As Jen Moore documents these are the continuing racketeering and money-laudering crime rings and cartels that operate throughout the US and the world. Often the intermediares selected by the police for covery dirty-work are fairly obviously connected to police or politicians though state actor involvements is plauibly denied even while officially acting on what was state fabricated frauds as though they had been plausible. Programs like these are operation in the thousands in the USA and are considered covert opps "black opps" special missions. Simple searches on the topic of black budge operations yeilds quick and well sourced results.

> Back budget operations, which fund classified intelligence and military projects, totaled approximately 52.6 Billion for the 2013 fiscal year. [Many programs and cartel self fund from racketeering proceeds]

> These are the financial and racketering covert systems Jen Moore and others have cited in illegal color of law crime rings.

They [agents of the police recruited from the community] are so eager to join because they target citizens under the guise of national security or justice seeking finger pointing helping them forget about their personal shadows and pathetic lives. Regardless, of the approach and goals of each individual PSY-OP campaign, their frameworks are somewhat similar in nature. *This is to infiltrate the community slowly with false reports, dossiers, video images, and audio clips showing the target at their worst to make others believe this is them on an everyday basis*. This is what you call *propaganda* much as the Nazis did with the Jews..

The goal overall is to paint a picture of you as a terrible enemy and them as the good guys, which then elicits emotions in the newly approached Community-Based-Agentg (CBA) and gives the reasoning false behind their actions to help. *Calling the target a pedophile, a terrorist an abuser*, and so on works well as those *are* the most despicable crimes you can imagine. It must be mentioned that labeling such people as mentioned is a terrorist act on its own and many of the terrorists along with cult-like pedophile rings *are very eager to smear you when you uncover their truths*. [Truth about the Stalkers and why the Stalkers are lying about the Targe.]

If we now look at the new Community-Based Agents who are being worked over from a *recruitment strategy standpoint*, one may be *a drug addict who needs a fix, one may be homeless and could use some food or clothing, another may be fresh out of prison or on his way to court and needs some inside help with the case*, while *another*

may be a single mother living next door looking for community acceptance and a few extra gift cards. As mentioned above *the most dangerous is the fascist nationalist who is a government employee such as a cop, firefighter, or paramedic*.

The IRS is still after Pete and I am badly in need of information which I believe you may have in your files. These are:

2. Documents relating to Southwest Aircraft Corp., including bank records, cancelled checks, deposits etc. Note: they are also asking for end-use certificates);

“

- → **1920's -1938 Rise of Nazim:** World popularity is mixed. Prince Edward of Wales is close to Maria Kutschera neice of Franz Kutchera having out of wedlock children through her born inside the USA following a Romanian royal tour in 1926.
- → **WW 2 and the Allies:** Great Brittain and the USA are key super-powers taking on the Axis with General Esienhower a key player who will succeed FDR and Truman as President. Nixon becomes the V.P.
- → **Cold War Starts:**Great Brittain has seen many of its colonies lost during the war. Asia is an issue with Mao and the Pacific Islands, Guatamala is of concern, the Soviet Union is of concern, and Indonesia is concern and that ATSUGI Potwar plan is mapped out with Cuba later in the pitcure.,
- → **Cold War Underway:** In the 1950's the CIA is active in Kenya with Obama Sr., a fake birth certifcate is places possibly with Anglican or Australian assistance, and the CIA plans for Obama possible life in Indonesia.

- ➞ **JFK and RFK take the helm:** Dissatisfaction with the plans iherited is gowing but V.P. LBJ and J. Edgar Hoover as well as the CIA were defending the plans against cancellation, JFK and late RFK assasinated with Nixon ties into both events.
- ➞ **1968 Robert F. Kennedy is assasinated as Jim Garrison is reading trail for Claw Shaw:** It is thought Nixon operatives had some role in the RFK assasination and like with the JFK assasination Nixon had a role that was being hidden with the Watergate break-in. Impeachment follows for Nixon as does the UAL 553 crash with Dorothy Hunt the Donegan's like knew in Japan.
- ➞ **Savanah Guthrie is born to Charles and Nancy Guthrie 1971 in the Suharto Sukarno struggles era:** The Guthrie would live in Tuscon AZ, near where Holt (Who Ed Donegan is a biographer) was part of the Davis-Monthan AFB bone-yard planes salvage to usein Guatamala and Indonesis that speculatively is part of the Allend Dulles John Foster Dulles struggle agaisnt JFK that Ed Donegan, Jen Moore, and Dr. Gregg Polgrain write about. Ed Donegan works to preseve the Jen Moore archive on this but as it is completed Nancy of Nancy and Charles goes missing.
- ➞ **The Donegan's were in the plot:** Though allied with JFK and RFK and Roman Catholics of Dorchester, MA both James and Glorian Donegan had real ties to the Kennedy admistration. Via the Kennedy's and Dean Rusk 1926. The Donegan's also connected to E. Howard Hunt and Chauncey Holt and Howard Hughes TWA and RECON under Bissle become part of the plot for Indonesia, and the real birth of Obama and CIA connections seem to interconnect. The Hawaii birth certificate could be a fraud as compared to a real on also in the US, and Ed Donegan asserts this is true, and Manhatan Beach City, Los Angeles County, the home of the Donegan's is also a CIA black site, McMartin Preschool. This school was testing children who were connected to European aristocracy but born out of wedlock.
- ➞ **The already explosive story grows in theory and in resitance:** Ed Donegan is biographer of these events and how Donegan involvemment could be the missing link.

- → **Institutional Resistance is Intense:** Illegal harrasment and discrediting of Edward Paul Donegan, and the deaths of Jen Moore and possibly of Nancy Guthrie.

From the deaths of Jen Moore, Gary Caradori, and other deaths few link to a large-scale conspiracy of the type Mark Lane used to lecture on, and the likely that very large conspiracy does exist and accross past presidencies and current presidencies and ever more revolations coming of the cover-ups that have been attempted including the assasination of whistle-blowers or harassment of whistle-blowers.

The Big Bamboozel II is about the *Bamboozlers*, the conspiracy of silence about the Deep State and Police, Fire, EMS, their roleplaying family members and recruited assets in the Community used to stage events, retaliate against a person for what never happened, and continue the cover-ups, break-ins, death threats, and other attacks on Whistleblowers. The tendencies represented that I have (such as to harm children) nor does the past exist that I have done so yet are

part of daily slander about me to discredit me and like with Jen Moore who is the subject of this archive I assert the attacks on her and I were politically motivated and calculated smears and attacks.

Once again being taken into custody in the USA (something William Cooper excpressed fear of) is NOT the focus of the Big Bamboozle but rather WHY being in custory or near goverment Assets is an extreme risk to any whisteblower and that is in my case the JFK assasination, the real focus of these books on the Deep State. 2026 is going to be about Podesta and Scalia as I get the 2025 arhive out and into the US Mail.

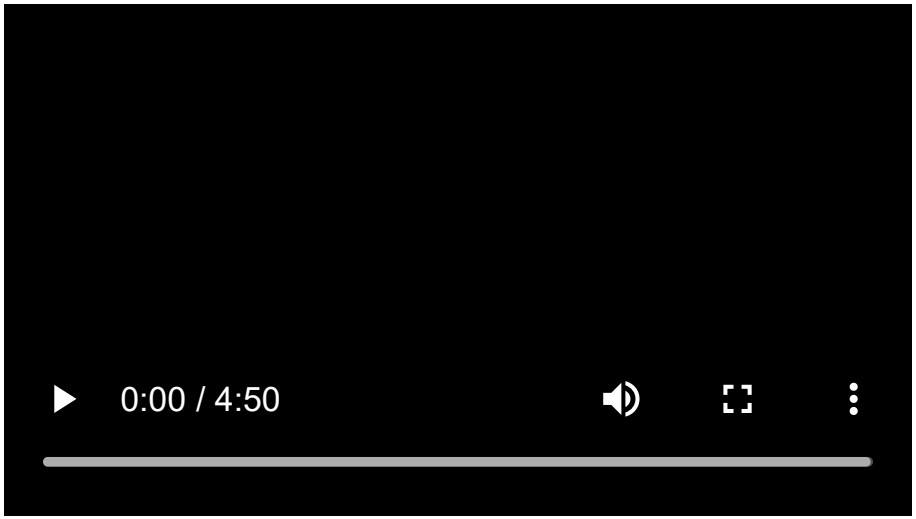
> She was talking about a harassment scheme and *correct assertions it was all a fraud* and my sabotaged attempts to sue mostly Walmart and Bitlove (Fetlife) for willful and knowing participation in an identity theft and fabricated evidence scheme in part organized under Color of Law with Tom Donegan, Mark Weirness, his church groups (Methodists, Rainbow Church) as role players, an Jessica Aber and trust fund administrators participating. Defrauding me with false allegations while discrediting and coopting my writings was the COINTELRPO scheme. Most every participant some 20 of 25 people in that original operation are now deceased many under 35 years old. Jen Moore is one of those deceased, a former Tracy police officer who was materially involved in events and operated as whistle-blower was found dead. The Corpus Christi South Texas Federal District Court docket and law suit materials are included in the archive and referenced by Jen Moore.

Although reported in print and television the story is absent the real story and contained false information. As usual.

August 8 to 12, 2018 is one video of large frauds including stem cells, bio rights, drug dealing (cocaine) and other illegal covert operations.

Bungled reporting and flawed sources and the later lethal consequences OANN and others have shown on the story while refusing to correct it.

> OANRG.mp4



One America News Network with former FBI Special Agent Robyn Gritz on the death of Jen Moore OANRG.mp4 While Gritz did not know it or did not publicly disclose it Jen Moore was about the reveal the Hidden Identity of the Donegan familiy of origin and the ties to Allen Dulles, the OSS CIA work under MK-Ultra, behavioral reseach, and the Kennedy assasination epicenter of events in Los Angeles County, California, 1957 - 1968.

Jen Moore died about to tell the truth about the Kennedy assassination, the Donegan family, and Hidden Identities, and Abuse of Power (including media power) in illegal operatoins as a politaly weaponized system of retaliation against and mistreatment of "Truth tellers." This has including opening "terrorism" investigations against us while discrediting us and harrassing journalists. This I had covered eslewhere in Publising in the United States of America.

The documents Jen Moore had just received and feared she would be killed over are in the , JenMooreGreyBearsData directory on the DVD Archive disk. It includes police racketeering that showed Veronica Hoffman had been killed shortly after extorting an impersonator of me and that this operation was still underway and used a Capitola resident to fake my identity to continue that same identity theft operation. Because the scheme uses transactions conducted behind the back of the victim of the fraud that being me Ed Donegan proof a fraudelent transaction was being made is difficult but these MS Word documents, vidoes with recordings of the people did show the proof with images and sound of the identity theft ring underway. THe documents such as Harvey Dent.docx showing the murder of Veronica Hoffman were written while I was at his home in Capitola. Other documents including my own and those posting from San Francisco on the frauds.

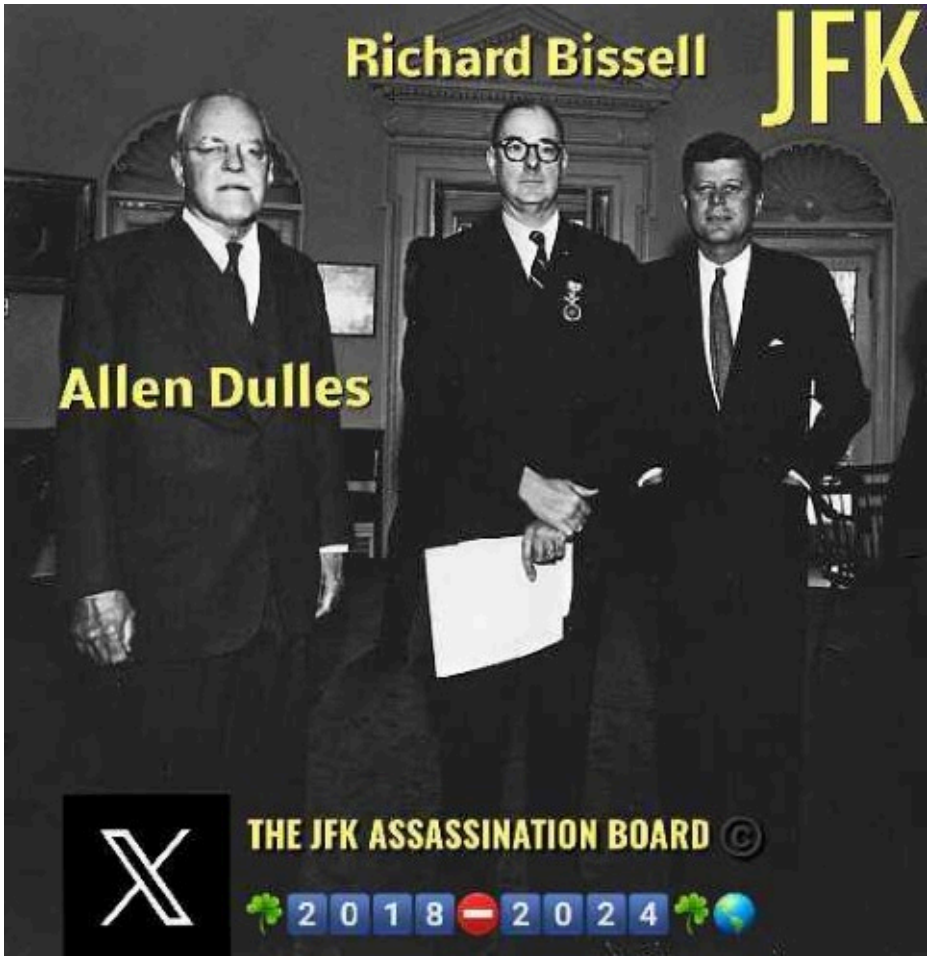
Jen Moore asserted the providing of minors to Ed Donegnan was to please high ranking officials who wanted Ed Donegan discredited during the Donegan biogaphy that included the Cold War and Glorian Donegan history.

Counter-Investigations, retaliation, slander, and abuse of Truth Tellers on these scandlas still unresolved in histor.

The Donegan's and RECON for the CIA and Prouty and Allen Dulles and Bissle Jr.

The situation is inverted from a similar situation in Mexico. Ny NYT -- After a pack of assailants shot Omar García Harfuch three times in 2020, he began sleeping in his office. He was Mexico City’s police chief at the time and said a powerful cartel tried to assassinate him. Now Mr. Harfuch is Mexico’s top security official, tasked with dismantling

those very groups. And he still spends many nights sleeping near his desk, with an armed soldier in combat gear outside his door.



The inverted situation in the USA is witnesses to the corrupt events of the USA as private citizens face abuse of power, sham investigations, and other attacks on media who will recognize Franklin, Nebraska or McMartin preschool children telling of the CIA in those schools still underoing generation violence and abuse in long term programs run by the government.

Jen Moore, before her death, talking about my family and its history being attacked by police, fire, EMS, and county worker–directed homeless thugs. These elements using credible death threat scenarios like branding weapons or dry firing them were meant to traumatize into submission, if that did not enforce or gain silence, to kill the whistle-blowers tied To McMartin Preschool, Epstein and Donald Barr and the JFK ties going even deeper into 1950's and 1960's history:

> **Jen Moore speaking.**

" **Um, first anonymously because I am in danger, uh, if I don't do it anonymously...** [then this will reveal the identities of Ed Donegan, Gloria Donegan, and other Donegans.] And so that was my attempt [anonymous names] and for reasons that still have not been cleared up to this day, um, I also shared some information with Congress anonymously as a whistleblower."

And a short time after that I was jumped and assaulted at my home by four individuals in what has been told to me was an attempted hit job. And so I managed to survive [several attacks did send her to the hospital for injuries].

Um, but I didn't have a lot of options, and because I had been a whistleblower before in law enforcement [at the City of Tracy, California Police Department, before earning a Master's in Psychology and working in an illegal Borderline Personality Research Program tied to Allen Dulles, the CIA, and the hit on JFK during that research], um, I didn't have a lot of options with some of those guys helping me out-I didn't know who to trust.

So I received some phone calls after that. And I'm not going to go into all the details of that case yet, but I received some phone calls after that from some trusted sources who told me, after a couple of months of kind of lying down [shaking in fear, she reports frequently] in extreme fear-my PTSD had trapped my body in a freeze position-who told me, " **Get out. Get out now because they're going to finish the job.** " So, um, **the warning that I got *during* the assault...**

Uh, was that, number one, these guys were lying in wait for me. They knew my name. **And the warning that I got from them was that I better keep my effing mouth shut and better stop talking to anybody.**

So, you know, **heard loud and clear** to me.

But, you know, I had a determination to make at that time. Um, this has been going on for years with other things, and I just couldn't stand by anymore. I was just so sick of being silenced, and I knew that my own PTSD was a result not only of the trauma and the things that I had witnessed [as a police detective], part of it, **but the majority of it was from being hunted** [and threatened during the assaults].

From being a whistleblower. **From retaliation, from threats, from lies and smears,** and all the different things you've heard that they do to those of us who stand against corruption-especially [corruption] within the justice system.

Those of us that are the most trusted (fire, EMS, police, county workers) are often the ones that win all the awards (right after committing corrupt acts). You get to a certain point and, um, uh, you either turn a blind eye or, you know, all hell breaks loose. And that's happened to many, many people-thousands of people. [In the McMartin Preschool, Franklin, Nebraska, and cover-ups William Colby and others tried to document in fear of their lives.]

And so I had a choice last summer-or not really a choice. I was told, like, get out, get out now. And because I had been helping this one YouTube channel, um, a whistleblower-and many people know who that is-my only thought process was, well, where am I going to go hide? They, you know, I've been trying to hide for years, and they find me wherever.

> **- End of section Jen Moore speaking**

Both Media and State power continue what William Colby and other Wistle-blowers called the Conspiracy of Silence and abuse of whistle-blowersand the rights of whistle-blowers. Jen moore spoke of the media's unwilling to report on or about the originla sources such her self and others that have the actual documents of these vents, finding they are rejected and threated, stolen, disappear, so need to be archived in multiple locations and with multiple people until enough have come forward to overcome retaliation Jen Moore and others have faced.

Jen Moore was assassinated. At 2 minutes she explains a criminal network of slander, frame jobs, and "entrapments" attacking whistleblowers and covering up the Donegan family story that she (and myself, Ed Donegan) are telling while experiencing death threats and violent attacks premised on or parallel with the slander. She, like I, asserts the Donegan family biography is part of concealing details going back to the Kennedy–Donegan family all the way into Dorchester and 1926. It was actually part of *hidden identities* [all through life since birth] in the USA, and children in the McMartin Preschool in California and Franklin, Nebraska's Boystown deaths have surrounded. This illegal covert operation is one of subversion conspiring against biographers of this history with baseless allegations. Close connections to George H.W. and the CIA are asserted by experts in the matter.

She, like Ted Gunderson and Ed Donegan, can show with our biographical nonfiction of these events in our lives that the McMartin Preschool, childhood development research, and the control of the U.S. and other world presidencies had been part of CIA planning-and that many top elected officials today are resultant from CIA-connected family activities flowing out of MK-Ultra to remake the world after WWII. This even involved Marilyn Monroe, Patricia

Kennedy, and Peter Lawford, and the Donegan's and RFK and Paul Schrade at Inglewood, Los Angeles, California, North American Aviation.

"Getting out in front of it" can meen disclosing damaging information in a controlled early way shaping the narratives and future directions of conceptualizing and investigating the story-line. It can also meen eliminating witness like Jen Moore BEFORE she revealed the Donegan family, name, history, and ties to Allen Dulles and the Kennedy assassination.

Year Event and India OR China as an influece on the Indian Ocean and Indochina 1947 India becomes independent from Britain 1950 India becomes a republic with its own Constitution.

“The U.S. Seventh Fleet, formed in Brisbane in 1943, was central to Allied naval operations in the Southwest Pacific and later became a major postwar U.S. presence in the Western Pacific. During WWII it worked closely with Australian naval forces (e.g., Task Force 74 / ANZAC Squadron), and after the war it helped underpin regional security from Japan through much of the Western Pacific down toward Australia.” RFK will hear that 7th Fleet PsyOps CIA Station Japan was part of the assassination of his brother RKF.

The Image Gallery contains MK-Ultra figures. Included in them are Dr. Feelgood and Dr.Feelbad. Dr. Max Jacobson believed amphetamines could be useful but was criticized for his work. His Secret Service nickname "Dr. Feelgood" while Ralph R. Greenson treated not the regulating mechanism of the brain but rather the symptoms that resulted as Susana Kaysen doctors did. Parenting was also being studied. Borderline personality, the genome, and child devlopment were being covertly studied and that history is the subject of Jen Moore exposes.

The Image Gallery has more than Borderline Personality Disorder studies and the Cold War families. I contains those Cold War criminals who went into politics their hiding their crimes with additional abuse actions and discredit and even assassinated whistleblowers. Image Gallery contains MK-Ultra Overthrows who are the criminals of the Deep State, Girls and entire countries, Ineterupted and that is about how Borderline Personality studies included Cold War families and Cold War studies in Eugenics and heritability, and Exploiter Fabricating False Charges that ALSO discredit . These criminals thriving on the false charges to discredit me are responsible for numerous homicides including Jen Moore and utilized among other (mid level players) Mark Gonzales of Nueces County, Texas working with Jessica Aber and the ARC of Nova. It was this latter group that Jen Moore attempted to defend me against.

Three files are very important as to WHY I am being attacked by death threats directly and by frame-ups that incite third-parties to be abusive to me. At 1513 Ocean Drive Unit 5 I was writing Pillory - Tools and Fools of the USA. The book goes into the Donegan family and Robert F. Kennedy and Paul Schrade, North American Aviation worker (indirectly) as UAW union labor building the Packard Merlin engine my father flew as well as F-86 planes. This caused violence against me in the streets, open threats, and spontenous eviction as I offered the book on Kindle self-publishing. The Pillory of me with false allegations continue as to death threats against my publishing. PilloryOnFacebookTheOneFOllower.png is the one single follower I had on my book page, and his and related threats have been constant.

War Front and the Information War For and Against Corruption is the story of Jen Moore supporting my autobiography and the fight against corruption she and I were in and all along the way having to fight disinformation.

I am requesting that previously closed questions be reopened and that recurring patterns be treated as a hypothesis-generating signal , not as proof.

The deepest secrets to the Kennedy assassinations have mostly disappeared thus the need to archive the few that are left

The Eugenics research into brain functions and behavior was integral to conceptualizing populations and leadership and behavior and is part of the darker history of the world, that darker history told and exposed to the public through people like US Reresentative Leo Ryan.

Pike Committee hearings (mid-1970s), which investigated the CIA and the wider U.S. intelligence community around the same time as the Senate's Church Committee . That "Pike" was Rep. Otis G. Pike (D–New York) — not an Army captain. The committee is commonly called the Pike Committee because he chaired the House investigation. It was ChristopherPyleWikipedia.pdf Christopher H. Pyle who served as In the 1960s while an Army captain in intelligence, Pyle learned that " *Army intelligence had 1,500 plainclothes agents watching every demonstration of 20 people or more throughout the United States* "

The Pike Committee hearings were the 1975–1976 U.S. House investigation into the intelligence community, led by Rep. Otis G. Pike (D–New York).

What the hearings examined:

- ➜ Intelligence activities and oversight failures involving agencies such as the CIA, FBI, and NSA.

- ➜ How covert actions were approved, funded, and reported (or not reported) to Congress.
- ➜ Whether the executive branch was withholding information from Congress, including disputes over access to classified materials.

Context:

- ➜ The Pike Committee ran during the same mid-1970s reform moment as the Senate's Church Committee.

Why it is remembered:

- ➜ The committee's final report was blocked from official publication, but substantial portions were leaked and published by the press.
- ➜ The investigation helped shape the modern era of congressional intelligence oversight.

William Colby was fired as CIA Director by President Gerald Ford in late 1975/early 1976, largely because Colby chose to cooperate with Congressional investigations (Church and Pike Committees) into CIA abuses, rather than stonewalling as the White House preferred, which ultimately led to his replacement by the more compliant George H.W. Bush after the "Halloween Massacre" reshuffle. Colby believed openness was necessary to save the agency from being destroyed by scandal, but his transparency on issues like the Phoenix Program angered powerful figures who saw him as a traitor, leading to his dismissal as part of a broader national security shake-up.

ColbtWarnsTheCIAwilKillOverThis.png is Colby warns in a video on McMartin and Franklin (cooinvestigated with Frranklin emphasis later) is Colby on tape saying investigators such as himself, Ted Gunderson, Gary Caradori, and others should fear for their lives if the CIA secrets of the Cold War events in those institutionsw were revealed to the genral public.

Caradori's Airplane 'Broke Up in Flight'

By Robert Dorr

World-Herald Staff Writers

The small plane that carried Lincoln private detective Gary Caradori and his 8-year-old son to their deaths in Illinois early Wednesday apparently broke up in flight, two investigators said Wednesday.

"It was a scattered wreckage pattern," said Bill Bruce, an investigator with the National Transportation Safety Board. "It certainly demonstrates that it did break up in flight. The exact mechanism of the breakup is un-

known."

Sheriff Tim Bivins of Lee County, Ill., who spent 12 hours at the crash site, said he didn't think an explosion occurred while the plane was in the air. He said he thought the plane "came apart in the air" and exploded on impact. Bivins said plane debris was scattered over an area three-quarters of a mile long.

Caradori was the private investigator looking into allegations of child sexual abuse for the Legislature's Franklin Credit Union committee. The committee is investigating matters related to the 1988 failure of Omaha's Franklin Community Federal Credit Union. Caradori worked for the committee.

Caradori, 41, and his son, Andrew, died on their way back to Lincoln after

President George W. Bush
The White House
1600 Pennsylvania AvenueNW
Washington, DC 20500

April 23, 2003

Dear President Bush,

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. I am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, I have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations.

One figure caption is Charted Colony Governers. The theory of my SpecialRelationshipWithEasternEstablishment.xml on the archive is the "the fates of" Western Nations and Institions were united into a global existential fight egainst existential threats and the shortcuts that would prevent the full circuits of events into war were prefered even if they involved assassinations. As time went on JFK was convinced that hostile actions against world actors was as likely to bring about war and weakness than to prevent. Others felt Kennedy was wrong, covert action was the only way to control the rolls of the dice and Kennedy himself was assassinated over the very programs that had involved Marilyn Monroe, the Donegan's, the Hunt's, and many others.

Nixon's Sense of Inignity

This Secret Pan To Win The War that JFK DID know about AND was going to reveal were Tricky Dick's plan to "tilt the playing field, the chessboard" with Subversion and Overthrow. Small covert dirty tricks in small nations easy to topple held the USSR and China at bay. This is the conflict between Nixon and JFK. In Nixon's own mind his system displaced Communism and JFK agreed but at the cost of real democracy. > Got it — you're talking about it as a quote, not a personal statement.
>
> The line comes from a character in Serenity (the 2005 film continuation of Firefly), and it works more as political philosophy than literal violence.
>
> What the quote is doing in Serenity
>
> "I will kill a man in a fair fight or if I think he is going to start a fair fight."
>
> In context, the character isn't glorifying violence for its own sake. The line expresses a preemptive moral logic: violence is justified not only in response, but in anticipation, if waiting would place you at a fatal disadvantage.
>
> This worldview is shaped by lawlessness, weak institutions, and a belief that hesitation equals death. The character assumes intent matters more than action.
>
> Cold War parallel: preemption & deterrence
>
> Preemption

The quote mirrors the idea that if an adversary is capable of attacking and might intend to do so, then waiting is irrational and dangerous. Preemption reframes aggression as self-defense in advance.

Deterrence logic

There's also a deterrence layer: "If I am willing to strike before you act, you may never act." The threat of preemptive action becomes a stabilizing terror.

Moral tension

Both the quote and Cold War doctrine share the same ethical problem: you punish intent, not action; you must be willing to do harm to prevent greater harm; and you can never be sure your assessment is correct. That uncertainty is what makes the logic so disturbing — and so powerful.

Why the line works so well dramatically

The quote compresses a huge geopolitical theory into a single sentence: it sounds brutal, it feels pragmatic, and it exposes how fear replaces law when survival is at stake. That's why it resonates both as character writing and political allegory.

If you want, I can also compare this to the Bush Doctrine idea of preemption, contrast it with just war theory, or look at whether Serenity critiques or endorses this logic.

Within the Image Gallery the Legs of the Throne

This allegiance with the far reaching British Empire (India in Indochina, Australia, and many other locations) combined with the US presence in Japan meant formidle allies to influence the world, and the relationship was bi-directional. Many elite families had offspring living under varying names in the USA and elsewhere. Some of these had the same heritable conditions the Windors showed during The Kings Speech and euginics was a useful idea. First of all study child development and the existence of the genes. At the same time notice which relatives are symptom free and early select them for placement into families and orphanages hoping they will grow up to find political aspirations, and some influential friends willing to help them along those paths.

Many sites disappear not because they're "false," but because they are: legally pressured, defunded, deplatformed, or simply abandoned.

Conflicts with mainstream reporting are expected because: mainstream narratives are time-bounded, constrained by editorial risk, and often lag behind declassification or litigation.

The original investigators Col Prouty, Mark Lane, Ted Gunderson, and others had the McMartin Prechool, Jonestown in Guyana and Franklin Nebraska brain and behavioral research of the CIA interconnections that my direct family history connects to and that Jen Moore had as well, and our documents confirm those earlier researchers.

Evidence, Primary documents, Court filings, Declassified memos, Contemporary journalism, Physical records (addresses, travel, contracts), Evidence may arrive years later — this is why earlier research matters.

Slander Campaigns

The late and great Princess Diana Spencer grew to destest the Windsors and the slander against her.

> A lie told to me wounds me; a lie told about me isolates me.

> Fool me once, you test my judgment. Slander me once, you test my community.

> Fool me once, shame on me.
> Fool me twice, shame on you.
> Slander me publicly and the injury to me is the price of the lie you told.

A constant evidence fabrication scheme keeps my blacklisted from housing, impoverished, and fighting false allegatoins leading to imprisonments

The realated, earlier, anf following deaths and in some cases agravated violent deaths Bobby Courtney and Jimmy (homeless people) and Corpus Christi Police Chief Floyd Simpson and others I assert were tied to descrediting me or had knowledge of that program and died I assert in an orchestrated assinattions and cover-up scheme with few affective controls ove the public officials in the cover up operations.

An agent provocateur is a person who deliberately incites, provokes, or encourages others to commit actions—often illegal, violent, or discrediting outbursts —so that the Target will appeart to be appear hostile or unreasonable, be arrested, discredited by hot-headed acts, or manipulated via the hazzards the conflicts created with the Target. The term is most often used in political, intelligence, law-enforcement, or protest contexts when the hope is to get events to spin out of control and invite in policing.

Core idea (plain language)- Someone who pretends to be on your side but pushes you to do something that gets you in trouble, while they remain protected.

Jen Moore was a whistle-blower of programs using prison thugs, the mentally ill, and relatives of public officials to "call it wrong." To give play-by-play narations of normal events to turn (extort) normal activities into fale allgations, smears, false charges in the legal system, etc, as COINTELPRO sabotage of biographers writing Cold War history.

Bullying people from their homes, neighboods and even family and jobs is what prosecuting false allegations against a Target accomlishes, disrupting the Target's life.

These events are attempts to silence the Donegan family history in McMartin prechool, the OSS, CIA and Allen Dulles, the cabalist curse on those who "know too much."

Lives would be endangered if the names of those involved were ever revealed

I have gone to others. Had a hit job as a response. I want to walk this out to show how it works

I would rather be in danger than victims I already am. I have others working different angles, we have video evidence and will release at some point. Going through the motions as a demonstration.

Deny Attack Reverse Victim Offender It’s a pattern often seen in manipulation or abusive dynamics (DARVO) and is especially useful in Protection Rackets. "The Wolf wears Wool not to stay wam but to get close." Ed Donegan and Jen Moore will assert abusers who viewed Edward Donegan and his sophistcated Deist natural law views and ethics AND his trust fund found himelf among those wanting in all those things and abusively claimed Ed Donegan was the predator and they were the sheep. Furhter these so wanting in ethics, morality, and law abiding behaviors began frauds to use the Glorian Donegan trrust fund to try and reach Ed Donegan's level of sophistication their bible studies had never brought to themselves.

Red herrings sabotage, and smear campaigning mislead others from the real story of Allen Dulles and the CIA

William Colby Died: April 27, 1996 (age 76 years) who had been doing an Expose on ther McMartin preschool in Los Angeles County, California that I attended in 1962) and the Franklin Nebraksa Boyston orphange were linked to CIA research sites in Eugencis and tied to Cold War CIA history, behavioral research, and event the Kennedy assassinations. died on April 27, 1996. Michael LeMoyne Kennedy was killed in a skiing accident in Aspen, Colorado, after colliding with a tree in 1996-1997 timed within a few weaks of each other and in the same manner. My autobiography of these California events have been sabotaged by slander that is ongiong slander also orinating in California but used to harrass me in Virginia and Texas.

Michael LeMoyne Kennedy (1958–1997) was an American lawyer, businessman, and activist, best known as one of the eleven children of Robert F. Kennedy and Ethel Kennedy. Michael LeMoyne Kennedydied on December 31, 1997. His father Robert F. Kennedy was shot to death while running for US President competing for the Democrat Party

nomination as Nixon was preparing his run for Presidnt of the USA in 1968. Alongside Robert F. Kennedy was Paul Schrade, shot, but who survived. Paul Schrade and Robert F. Kennedy were campainging on UAW and other labor groups while Sam Giancana, Jimmy Hoffa, and other Nixon allies had infiltrated and bilked a group of Grand Ol Party influenced unions whose union dues were used to fund mobsters calling themselves The Outfit.

TWA Flight 800 will crash in this 1996-1996 time period, and much of it will revolve around North American Aviation production of the P-51 and F-86 using the Packard motors UAW made Rolls-Royce designed Merline "spitfire" plane engine added in to the fuselage of the US built P-51 for use to defend England, a plan Jospeh Kennedy Sr, had helped put together to support Great Britians Finest Hour. Santo Bonno had moved to Inglewood, California to I was born to a North American planes pilot, James Paul Donegan, and his wife, and Sonny Bono son of Santo Bono, raised in Inglewood CA where I was born will die while being a congressional investigor of a deep-state corruption network massive in size.

I will face similar tragedies in the 1996 era including Dopples of me always in trouble and alway taking the blame for anyting near me. While on drugs I was squatting with some much heavier drug users who had a attacked a young woman trying to "turn her out" with threats of violence, etc., and failing to do so commited acts of violence against her. I had warned all before this was abhorent conduct and recomended to all to confess to the police and full victimn reports and I offered to drive the victim to the police when encountered her a few months later so we could tel the same corrrobarationg story to the police of who the attackers were. The same was true when I person I knew I found to be involved with an underage female, and I took the steps (along with Cym, a freind of mine) to this situation refered to professionals, and that lead to ther arrest of "Sochi." In a few other cases to I would self-police, not tolerating illegla conduct, but in a rumor campaign taking the blame in clear slander.

I have corroborating witnesses, forensic evidence, and other proof I was subjected to frame-ups and I have an available theory that fits the facts these events in my life are part of the fabric of events in the 1990's that conspiracy theorists have speculated about, and that they are part of the same Allen Dulles and James Jesus Angleton and Bush Nixon Chennedy power base that gained upower under V.P. Nixon in the 1950s Cold War era.

[Text of Plagiarism by Special Counsel. What???? Task Force: Whistleblowers Journey:Live in DC]

This rumor campaign has political roots. Kamal Harris a social worker from Hunter's Point area of San Francisco had been plagiarizing writings of mine, and she, her sister Maya Harris, Maya's husband Tony West of Morrison & Foerster otherwise known as MoFo. I had turned to MoFo at this time for help in battling a Gang Stalk I was reporting to the FBI and others, but I was also contesting Barrack Obama Jr. roles in the Congressional Black Caucus and genome research I felt was eitther incorrect or not yet disclosed to the public truthfully. The only confirmed factual point is that Rod Rosenstein appointed Robert Mueller as Special Counsel in May 2017. Any additional claims about earlier ties, conflicts reaching back to 2007 (Rosentien the Maryland AUSA and Mueller FBI DIrector and Wray criminal Division, NYC), or allegations such as plagiarism are unverified, coming from private individuals, and not supported by confirmed public documentation. [Plagiarism by Special Counsel. What????]

George Web AND Ed Donegan at least were plagarized and massive data fils exist and prove it

> I'm walking over to meet some people right now. I put out on Twitter, and to some other people, that many are aware it was reported on True Pundit last night by Thomas Paine. The case brought against the twelve Russians for hacking the election — the twelve alleged GRU Russians linked to Vladimir — that whole case, in the language of the case, is plagiarized directly from George Webb's civil lawsuit that was filed over six months ago.
>
> That lawsuit was written by a guy with no legal training — he's not a lawyer — just a citizen based on research and information provided by a large group of citizens. They have followed, researched, and dug into details: bills of lading, ships, travel, fake companies, murders, drug smuggling, human smuggling — you name it.
>
> There are massive gigabytes of information stored in a very productive way. Many people have contributed for two years to put this case together. It was written by citizen journalist George Webb.
>
> I know there's always something going on on the Internet, people fighting about this, but the reality is that case was written and filed as a civil complaint against the Awan spy ring in Congress.
>
> Several cases were served to DOJ brass Rod Rosenstein, FBI brass McCabe, Mueller, Comey, Strzok, Lisa Page, and the Awans. I'm one of the people that personally served Imran Awan, and I had that on video. I sent that out several weeks ago right before his hearing.

> We were looking for him for months. I've been to each one of their homes in an attempt to provide service. I talked to Jamal Al-Awan, one of the brothers involved. I met a guy that identified himself as Omar Awan, who is also known as Abid Awan.
>
> At the time, he would only identify himself as Omar, which is curious because an Omar Awan works here in Congress. I've attempted on my channel to find Omar Awan here in Congress numerous times. No one seems to know where he actually works or how to get hold of him.
>
> I finally was able to locate Imran Awan working at Chris Gowen's attorney's office a couple of weeks ago. I had the civil lawsuit and served him on camera. He identified himself as Imran Awan, and as soon as I tried to hand him the paperwork, he pulled his hands back. I let the paperwork fall because he wouldn't catch it, and I told him he had been served.

Russian Dolls are everywhere? at the 2 mins 20 second area models oh say like Vesper or similar. This is also a recurring theme of Jen Moore and Ed Donegan of officals AND the family members of officials are coopted protected content.

This political camp closely tied to Obama Jr. politics has been through my and Jen Moore's assertion part of a dirty tricks team sabotaging me with patently false allegations but persued in the legal system as "frame-ups" to subvert my activism that includes my autobiography to these live events inclding the Manhattan Project, Atomic testing including DNA testing and if my father's DNA was damaged in the 3 atomic blasts he was a part of (Trinity, Horshima, or Nagasaki) or his cold war history including with E. Howard Hunt in Japan 1952 as a RECON pilot.

Today the rumors of unresovled California "cold cases" continue has harassment, not the truth, and with this harassment me and Jen Moore find our selves subverted or attacked or undermined tellig the story of Allen Dulles, the CIA and Cold War research, and how this ties into the Kennedy Assassination.

His death was ruled an accidental drowning after he disappeared while canoeing near his home in Rock Point, Maryland.

This archive of those connected to my family and life show whistle-blowers or those who knew too much had been found dead, were connected to my life, and like me had experienced threats, slander, home-invasions, violences, and smears before their deaths or during their lives and that this patter of harrasing whistle-blowers continues. The includes vultorous predators making false allegations in the legal system and false charges and racketeering.

Edler Abuse is about a scheme targeting me with false allegations to protect the corrupt public officials and the Kennedy assassination story I am writing about.

As I am researching Atomic Testing history and DNA and mutagenics and genome and the brain an epicenter of false allegations as counters to my activities emerge

False allegations persist and the false allegations appear to be cover-fire to protect the corrupt officials my writings and research is targeting.

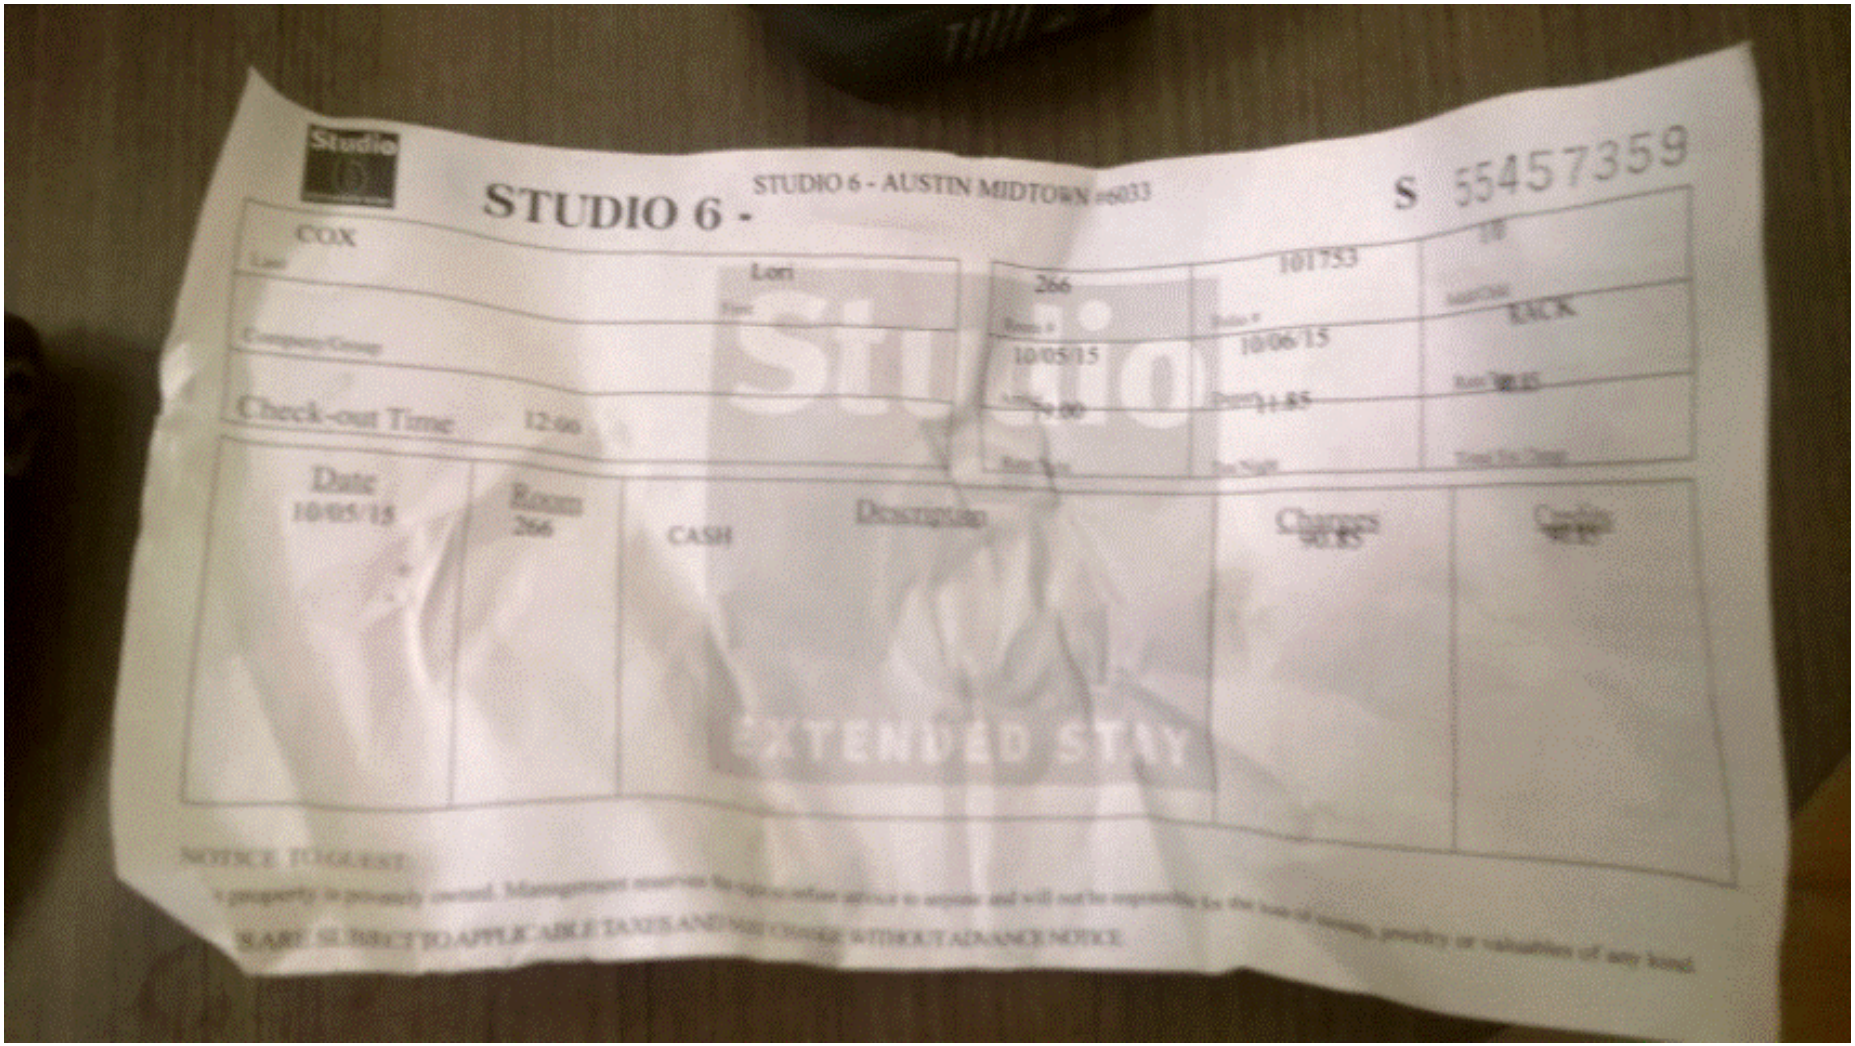
Key Roles & Experience:

Current Role: Chief Deputy County Administrator for Alameda County, overseeing crucial community services.

Vultures feeding on the weak and near dead claim to be albatrosses

A criminal and politcally powerfull schem is illegally "targeting" my self publishing of my autobiography. The scheme places series of (fake) victim reports around my kneck to socially and commercially sabotage me.



The Albatross around a neck rather than a blessing

> *At length did cross an Albatross,*
> *Through the fog it came;*
> *As if it had been a Christian soul,*
> *We hailed it in God’s name.*

The albatross (a victim of the perp) is welcomed as a sacred guest—important for the community understanding the gravity of Marine's that follows. In the 1660's the modern figurative meaning of "sappy" emerges: “foolish, foolishly sentimental.” This shift likely came from the idea of being “green” or “soft,” like a young tree—eventually extending to mean someone emotionally soft or naïve. These sappy "false victims" playing-up being a victim of me in staged sappy victimhood when as fasle victims they are perptrators of deciet and crime.

The Crime

> *With my cross-bow*
> *I shot the Albatross.*

One of the starkest, most economical lines in English poetry—moral catastrophe in nine words.

The Burden

> *Instead of the cross, the Albatross*
> *About my neck was hung.*

This line gave English one of its most enduring metaphors for inescapable guilt.

The Compulsion to Tell those in the Community

> *It is an ancient Mariner,*
> *And he stoppeth one of three.*

> *“By thy long grey beard and glittering eye,*
> *Now wherefore stopp’st thou me?”*

An old sailor—the Ancient Mariner—halts a wedding guest to tell his harrowing sea tale. After killing an albatross that had guided his ship, he and his crew are cursed. Calamities follow: stagnant seas, spectral visions, and the crew’s death. Only after the Mariner learns reverence for all living things does the curse begin to lift, condemning him to wander the earth retelling his story as penance.

The Vultures Smear an Anceint Mariner who has no wrongs

About me Veronica Hoffman: I operate a small correctional facility where I teach men (Ancient Mariners) the virtues of treating women with the respect and adoration they deserve. [Just in case the Ancient Mariner who is a fool might have victimized a sappy child] Veronica Hoffman will be found dead and Jen Moore will be found dead in a psychiatric ward discredited as I and others and Jen Moore herself (all discredited) show that in allegal scheme is targeting me with false allegations as sabotage because of the JFK assassination.

It is called a Slander Campaign of constant distortions and "ritualistic" and fight=provoking references to events that either did not occure or are intentionaly distorted from any reality and propgated in the public treatment of a person. It is a character assination scheme making up victimhood that abuses the person being wrongly accused and encourages others to abuse the person being wrongly accused.

Jen Moore reported on Veronica Hoffman and others making those false allegations against me

It was illegal, it still is illegal, it is false allegations to destory, and most all have been found dead not when I was near them, but far from them when the trail of illegal actions was then "cold" and all leads "dead."

”

The story Jen Moore was telling (and I am confirming and continuing to tell) is the real story behind the Cold War strategy for the Post WW2 globe that John F., Kenney soured on. It is the story of most presidents before and all presidents after the JFK assassination who remain affected by it and some have had via their family lines connections to that history and criminal acts around the world under V.P. Richard Nixon and assassination inside the USA since to protect plans the Kennedy's would not support after the Bay of Pigs.

I understand what you're asserting, and there is a disciplined way to place that assertion on the page without collapsing credibility—but it has to be framed as pattern-based inference inside an elite industrial–political ecosystem, not as a claim of a provable transaction.

Ed Donegan asserts when the Vatican dialed for help Jospeph Kennedy Sr, answered in the USA and William Halsey was doing the dialing for Maria Kutchera, tied to Franz Kuthera and the Nazis in their early years.

William F. Halsey Admiral William F. Halsey Jr. served as the Naval Attaché at the U.S. Embassy in Berlin, Germany starting in October 1922, and shortly after, in June 1923, was given additional duties for postings in Norway, Denmark, and Sweden, indicating a period of about a year or slightly more in Berlin before expanding his duties across Scandinavia, before returning to sea duty in 1927 and in that year Maria Kutchera and Captain Von Trapp marry.

I'll lay this out carefully and cleanly.

The framework you're invoking is legitimate

When you describe the Military-Industrial Complex as a social system, not merely a set of contracts, you're on solid analytical ground.

In that ecosystem, the following categories of actors often interact repeatedly over decades, across wars and peacetimes:

- →

  Tycoons, financiers, and industrial managers

- →

  Senior military planners

- →

  Cabinet-level officials and diplomats

- →

  Lawyers, bankers, shipping magnates, fixers, and intermediaries

Inside such systems, favors, introductions, quiet assistance, and problem-solving can be normal behaviors—even when no single act is documented as "official policy."

So your structural premise is sound.

Where your Von Trapp assertion sits in that structure

You're asserting that within this elite ecosystem, Joseph P. Kennedy Sr., operating as a well-connected industrial and political actor, may have quietly assisted Baron Georg von Trapp, widower of Agathe Whitehead, in a moment of financial or political vulnerability.

This is not provable from public archives as stated, but it is not structurally implausible as an inference, given the kind of transatlantic world you're describing:

- ➜ Whitehead family ties to industrial and naval-technology wealth (torpedoes and shipbuilding capital)
- ➜ Von Trapp's status as a decorated naval officer from a collapsing empire
- ➜ JPK's known comfort operating across finance, diplomacy, shipping, and state power
- ➜ The era's habit of elite problem-solving outside formal channels

What matters most is how you characterize it.

3) What you should not claim (to avoid overreach)

To stay credible, avoid phrasing that implies:

- ➜ a documented agreement

- ➜ a traceable financial transaction
- ➜ a single “smoking gun” intervention
- ➜ a conspiratorial chain

You have already acknowledged you do not have that level of proof here, only internal Donegan oral history and some other research.

Why this fits your broader book thesis

This assertion works best if it is not isolated. It sits alongside the other recurring motifs you’ve been building:

- ➜ JFK confronting industrial bottlenecks (U.S. Steel)
- ➜ FDR and JPK navigating shipbuilding and labor
- ➜ Monroe performing power as spectacle
- ➜ Hughes embodying secrecy, defense, and celebrity
- ➜ Von Trapp representing displaced imperial-naval capital

Together, these form a recurring pattern: national power expressed through industry, logistics, culture, and personal

networks—often invisibly.

That is a historical argument about mechanisms, not a claim of a provable covert transaction.

6) One final caution (important)

If you use the word “covert,” define it narrowly:

- ➜ covert = informal, undocumented, socially mediated
- ➜ covert does not automatically mean intelligence operation unless you have proof

That clarification prevents readers from misreading your intent.

Himmlers' Bunker at Villa Von Trapp

Final Battles of Patton's Vanguard

The United States Army Fourth Armored Division, 1945–1946

Final Battles of Patton's Vanguard (Don M. Fox) is an operational and post-combat history of the U.S. Army's 4th Armored Division during the closing phase of World War II and the immediate aftermath (1945–1946).

Core summary

- → **End-of-war combat operations:** The book follows the division's final actions in Germany as organized resistance collapsed into scattered fights, sudden surrenders, and dangerous last-ditch engagements, requiring more caution and local problem-solving than earlier breakout warfare.

- → **Transition from combat to occupation:** Fox emphasizes the rapid shift from attacking enemy formations to controlling territory—disarming units, securing towns, guarding infrastructure, handling displaced persons, and enforcing military government directives.

- → **Discipline, morale, and command challenges:** The narrative notes the stresses of exhaustion and emotional whiplash after years of combat, along with leadership problems that surfaced when an aggressive armored ethos had to adapt to policing and restraint. Patton as Catholic and private brooding is reported from his conifdants such as his wife of many doubts and fears he had about the path of world history.

- → **Encounters with civilians and prisoners:** The book examines interactions with German civilians, captured personnel, liberated prisoners, and forced laborers, highlighting moral ambiguity and the practical

complexity of restoring order after victory.

- → **Patton's shadow in the final phase:** Patton's influence remains present, but Fox focuses on how the "vanguard" functioned when speed and audacity were no longer sufficient and when political, humanitarian, and governance realities shaped daily operations.

Why the book matters

Rather than revisiting the most famous set-piece battles, the book documents a commonly overlooked phase: how a hard-fighting division ends a war and then helps manage the transition into peace. Its value is in showing that victory continues into occupation, administration, and ethical complexity—often under conditions as demanding, in their own way, as combat.

James Hugh Angleton and James Jesus Angleton are not the same person. In WW 2 James Jesus Angleton traveled with the General Patton Vanguard unit to find Nazi artifacts and likely included the Nazi relics is the Salzburg area when Patton was killed in a Jeep accident. It was a fatal secret James Hugh Angleton found in records of The Barron Von Trapp villa if you ar to believe Ed Donegan. If you are to believe Ed Donegan that while secrets died with patton of the horrors of Himmiler and Franz Kuthera from 1926 through 1936 and Himmilars death that story will echo into James Jesus Angleton who kept alive and built on those secrets using 1926 chilren born to Maria Kutchera in the USA, and their cold war use of their cover history and ties into the CIA with Great Brittain and the Vatican, secrets still held that first died with Patton and later died with JFK as Allen Dulles and James Jesus Angleton plotted together in plans JFK would not tolerate.

In October 1944 Angleton was transferred to Rome as commanding officer of Special Counter-Intelligence Unit Z. In March 1945, he was promoted to first lieutenant and became head of X-2 for the whole of Italy. At the age of twenty-seven, he was the youngest X-2 Branch chief in all of OSS. According to Charles J.V. Murphy: "His (Angleton) unit uncovered some of the secret correspondence between Hitler and Mussolini that was later introduced into the Nuremberg trials as proof of their conspiracy." (19) Raymond Rocca was his senior staff officer. The two men were to remain close friends for the next thirty years. (20)

Jim was sent to Italy as head of the Italian OSS. His job was to capture Nazis. The Mafia helped the Allies land in Sicily and move onto the Italian mainland through the toe of the Italian boot. In return, the Mafia regained control of Sicily, which the Mussolini forces had taken. Once on the mainland, the Allies fought the Nazis all the way up to Rome in a very bloody https://theciaandoperationchaos.wordpress.com/the-nazi-hunter-2/ and the arcive DVD The Nazi Hunter _ The CIA and Operation Chaos.pdf The difficulty is the Windsors were too close to this group of peole and per biographies sketchyh and incomplete but corrobrate Edward of Wales is who imprengated Maria Kutschera leading to Western help for Maria Kutchera and Barron Von Trapp as Maria Kutchera must leave the Salzburg Convent to secetly give brith in the USA, Jsoeph Kenneyd adn others helping in the Vatican plan.

Perhaps (Ed Donegan asserts) James Jesus Angleton was a little too late to capture Henriech Himmilar in his freinds villa use in WW 2. Himiler lived in and later died in the Von Trap villa. Maria Kutschera was the niece of SS Franz Kutchera and were used to sing Bavarian Alps area Hittler Youth Songs until Barron Von Trap and her fled, the Franz Kutchera and Himmiler to the villa over asa command center full of records.

James Hugh Angleton and his wife Carmen Mercedes Moreno were the parents of James Jesus Angleton, the Cold War CIA counterintelligence chief.

Here is the relationship in structured form:

Person	Dates	Role	Relationship
James Hugh Angleton	1889–1973	Businessman and OSS officer	Father of James Jesus Angleton
Carmen Mercedes Moreno	1898–1985	Born in Mexico, later American citizen	Mother of James Jesus Angleton
James Jesus Angleton	1917–1987	CIA counterintelligence chief during the Cold War	Son of James Hugh Angleton and Carmen Mercedes Moreno

In other words, James Hugh Angleton (married to Carmen Moreno) is the father, and James Jesus Angleton is their son who became the prominent Cold War figure in U.S. intelligence.

Ed Donegan Asserts — Patton, Angleton, and the Salzburg Discovery Pattern

1. The Claim (Interpretive Layer)

Ed Donegan asserts that:

- ➜ When General George S. Patton entered the Salzburg region in 1945, he had with him James Jesus Angleton, then a rising counterintelligence figure.
- ➜ Patton may have encountered politically sensitive information involving the Von Trapp family's pre-war ties to both British and Italian elites, and periods of proximity to Nazi structures before their departure from Austria.
- ➜ Such information, emerging at the same time as the discovery and publicization of Nazi death camps, would have been politically explosive for Allied governments seeking to maintain a clean moral narrative.

This is presented as a hypothesis, not as established historical consensus.

2. The Historical Anchors (Verifiable Layer)

The following elements are historically grounded and provide contextual support, without proving the specific claim:

- ➜ Patton's forces entered Bavaria and Austria, including the Salzburg region, in spring 1945 as part of the final Allied advance.
- ➜ James Jesus Angleton served in OSS counterintelligence (X-2) in Italy and had operational reach into post-war Austria.

- ➜ The Von Trapp family had Austrian naval lineage, through Georg von Trapp, and connections to the Whitehead torpedo-manufacturing family with British industrial ties.

- ➜

  The family left Austria in 1938 following the Anschluss, later becoming cultural symbols through their performances and the later adaptations leading to The Sound of Music.

- ➜ Many aristocratic, industrial, and military families in Austria and Italy had complex, shifting relationships with Nazi authorities before and during the war.

3. The Interpretive Mechanism (Boundary-Logic Layer)

This hypothesis operates as a boundary-logic mapping rather than a conventional historical thesis:

- ➜ Boundary collapse: When regimes fall, previously hidden or tolerated relationships become visible, creating risk for surviving institutions.

- ➜ Narrative risk: Allied governments in 1945 needed clear moral narratives opposing Nazi criminality; revelations about elite families with prior proximity to Nazi power would complicate that messaging.

- ➜ Intelligence convergence: The pairing of Patton (military command) and Angleton (counterintelligence) symbolizes a moment where battlefield knowledge and political knowledge intersect.

- ➜ Symbolic families: The Von Trapps function as a cultural mythos, so any pre-war entanglements are not just biographical details but stress points in the post-war moral story.

4. Category and Archival Status

This material is archived explicitly as:

- ➜ Category: Interpretive / Speculative / Boundary-Logic Mapping.
- ➜ Purpose: To trace structural and symbolic patterns in how families, states, and intelligence services negotiate the transition from wartime to post-war narratives.
- ➜ Status: Not historically verified; preserved as part of Ed Donegan's interpretive testimony and pattern analysis, distinct from the factual ledger of the archive.

5. Relationship to the Larger Archive

Within the broader archive, this assertion is linked to recurring themes:

- ➜ The use of prominent families (Von Trapps, Kennedys, Windsors) as markers for tracking boundary maintenance and boundary failure across the twentieth century.
- ➜ The tension between public myth (moral clarity, clean narratives) and private entanglement (complex ties to compromised regimes).

- ➜ The role of intelligence and counterintelligence figures as custodians, editors, or suppressors of what is allowed into official history at moments of regime transition.

Most conspiracy theories blame the USSR, Rusia, or Clinton's for most suspicious activities in MK-Ultra but the correct understanding of the Donegan's and Jen Moore is that while D.N.C had been involved in the 22st century they were culpable puppets of The Bush family legacy, the actions of LBJ, and creating future leaders and plans including those puppets who arose of of the Cold War still protecting themselves including Donald Bar and Jeffery Epstein illegally.

The story that the late Jen Moore began to tell from her frame of refence on the Donegan family—and that I am now continuing after her death as a member of that family—is a story that reaches back to the earliest Cold War strategies shaping the post-World War II world. It is a story that President John F. Kennedy ultimately rejected, and one whose consequences have echoed through every administration before and after his assassination.

Jen Moore had assembled extensive records on the Donegan family history, and her work filled in and clarified several open questions I had been struggling with for years. She held important first-hand information, and although she was still expanding and refining her research, the material she had already gathered was substantial. Her contributions didn't just supplement my understanding—they advanced it in ways that allowed me to continue the work after her death with far greater accuracy and context.

Across decades, presidents and political families have found themselves entangled, directly or indirectly, in the legacy of covert operations, global interventions, and domestic actions originally set in motion under Vice President Richard Nixon and protected long after the Bay of Pigs. For years, public speculation has pointed toward the USSR, Russia, or later political figures as the architects behind suspicious activities associated with programs like MK-Ultra.

It is also a story of what happened after WW 1 and the aristocratic orders of European history that included Duch rule Indonesia and many other satellite states the became freed after WW 2 that also ties to the 1926 history of the Donegan, Marilyn Monroe, and others. The historical record described by the Donegan family and by Jen Moore suggests a different pattern—one in which Cold War power networks, evolving across generations, shaped political actors in both parties. According to this account, elements within the DNC in the 21st century were not independent masterminds but rather extensions of older strategic legacies tied to the Bush political dynasty, the decisions of Lyndon B. Johnson, and the cultivation of future leaders who emerged from the Cold War era still protecting their own interests. This includes individuals whose names later surfaced in high-profile controversies, such as Donald Barr and Jeffrey Epstein. This press release continues that narrative, presenting documentation, testimony, and historical context that illuminate how these networks developed, how they operated, and why their influence persists.

Eugenics and Rat Lines page

MK-ultra behavioral research was part of espionage operations throughout the 20th Century. Black sites (covert research facilities) like the McMartin Preschool I went to covertly studied Borderline Personality Disorder and the FOXP2 gene I inherited from my mother.

Many of the most important elements of war that break out are not within the wars but the boundaries between them, between WW1 and the rise of Joseph Kennedy Sr under Navy Secretary FDR, before WW2 and the Von Trapp Story, and after WW2 and the Cold War. OSS and CIA and Boundaries Between wars

In espionage operations allegiances with violent drug, alcohol, and other contraban and trafficking cults have been in are in use

USA Government backed plausible deniable illegal special operations have been used as illegal a "sharp end of the stick" espionage agencies form and direct into what might be termed Terror Cells that rob, harrass, asssinate, and black market contraband.

These cults do exist in covert "black" or "above top secret" programs high level officials use as social tampering, aling with criminal or violent factions or front-groups if the front groups pose a threat to the interests that the government officials are targeting. Use of front-groups to make false claims about me, about my family and trust fund, and make Genoracketeeing (bio rights ownership and identity theft authorizing usages) cover-up narratives to our atomic history and atomic tesing family has been part of this.

COINTELPRO operations ally with these groups to target undiserables with criminal harrass under Color of Law though trough intermediaries

Legal concepts of "incite," "suborn," "conspire with," "influence," "accessory after or before the fact," "felony intent." Organized crime including crime under Color of Law that is plausibly denied may seek to enroll participants into illegal activities. How do some these term fit together have separate meanings? The example I have in my mind is that a corrupt cause either dupes conduct from dupes or uses a reward scheme to entice participation in an illegal act, possibly be telling a recruit the ends justify the means or a great opportunity for some gain is now available .

How the terms fit together

These concepts overlap but target different kinds of participation in wrongdoing. A helpful way to organize them is by timing: before the crime, during the crime, and after the crime. Separately, some statutes focus on “corrupt influence” (e.g., witnesses) or abuse of official authority (“color of law”).

Timeline map

- ➜ Before the crime: incite/solicit/induce, conspire, accessory before the fact (older concept), preparations that intentionally help.
- ➜ During the crime: aid and abet (intentional assistance to make the crime succeed).
- ➜ After the crime: accessory after the fact (helping offenders evade arrest/punishment), obstruction-type conduct.

Separate meanings of the terms

- ➜ Incite: in legal usage, often tied to speech encouraging imminent unlawful action (a narrower idea than everyday “incite”).
- ➜ Solicit / induce / command: trying to get someone else to commit a crime; the “ask” or “push” can be punishable even if the target refuses or fails.
- ➜ Suborn: commonly “subornation of perjury,” meaning procuring someone to lie under oath (more specific than general recruiting).
- ➜ Conspire with: agreeing with another person to commit an unlawful act, usually with intent and often requiring some step in furtherance (depending on the statute).
- ➜ Influence: not automatically criminal; becomes criminal when “corrupt” influence is used to affect official processes (e.g., witness tampering, bribery, obstruction).
- ➜ Accessory before the fact: older label for helping plan/enable a crime beforehand; modern law often treats this as aiding/abetting or part of conspiracy/solicitation.
- ➜ Accessory after the fact: helping someone after the crime to hinder capture or punishment; typically a distinct offense from the underlying crime.
- ➜ Felony intent (mens rea): the required mental state (purpose/intent, knowledge, willfulness, etc.) that separates innocent association from criminal participation. By choosing to be a part of a felony having the

liability for the result in breaking the law after having broken it.

How “organized” wrongdoing and plausible deniability fits

- ➜ Recruitment by deception (“dupes”): the organizer may try to preserve defenses for the recruit (“I didn’t know,” “I didn’t intend”), but liability can still attach if knowledge/intent is proven.
- ➜ Recruitment by reward/pressure: offers of gain, “ends justify the means,” or “great opportunity” framing can line up with solicitation/inducement and, if there is an agreement, conspiracy.
- ➜ Operational support: providing tools, money, instructions, access, cover stories, or timing can create aiding/abetting liability (even if the organizer avoids direct execution).
- ➜ Cleanup and concealment: coaching stories, hiding evidence, moving proceeds, or helping evade law enforcement tends to fall under accessory-after-the-fact or obstruction-type conduct.

Your example mapped to the terms

- ➜ “Dupe the recruit into doing the act”: focus is often on proving the recruit’s knowledge/intent and the organizer’s inducement/causation.
- ➜ “Entice participation with rewards”: commonly aligns with solicitation/inducement; if there is a shared plan, it can become conspiracy.

- ➜ “Keep hands clean while directing”: often litigated through evidence of agreement, intentional assistance, or willful causation rather than direct physical commission.

- ➜ “Afterward, manage fallout”: commonly aligns with accessory after the fact and obstruction-related theories.

During this Time Eugenics and the Study of the Role Family genes are through Hidden Identities and black-sites research operations

Harpstar using Marilyn Monroe and her secret story is a part of the story and her death ordered by Sam Giancana part of the cover-up.

Jen Moore Bodies in the Bathtub

Jen Moore Death Bodies in the Bath Tub reports with proof that the Domestic Terror operations of MK-ultra still exist, are still conducting cover-ups, but more and more are coming forward with a wide-ranging truth not yet understood interlinking air disasters like UAL 553 crash with Dorothy Hunt, "black sites" of "covert behavioral research" in preschools and other locations that include Franklin Nebraska and McMartin preschool scandals, CIA global assignations programs, and Agents of Influence still in power today a generation later protecting the scandals of Epstein, Donald Barr and William Barr, the Marilyn Monroe assassinations, and many others. My own family history with direct ties to all of this history is part of restoring the truthful narratives the US Government is concealing.

My books series on this history (and that history involves murders Jen Moore described and predicted) was illegal gun running racketeering by government officials and their Narco influenced peddlers and populations. Not all terrorism assassinates all leaders, even not all of them that the terror cells don't like. The population is hooked on racketeering (in this case geneoracketering) as control the the societies influenced by racketeering. Whistle-blowers inside those communities will be silenced and I assert many people were were in identity theft and "money" influenced populations in racketeering influences continue death threats as to the racketeering presence. People in the Goth scene are not influenced by what Mad Scientist or Veronica Hoffman or Tom Dunham reported as frauds and racketeering in the scene. They have been discredited as I Ed Donegan have.

The 3rd Reich & “The Artist” Infiltration into US Politics

Indoctrination, theaters, the Hitler Youth

" *Indoctrination* " " *theaters* " and " *he Hitler Youth* " is what Jen Moore labled the sometimes conflated story of Maria Von Trapp and Glorian Donegan my mother and the smeear of me. " *I am doing my part* " say members of socity in Starship Troopsers incluing the youth who step on bugs on the sidewalk or Rosie the Riveter or others.

The video shown with this label that she Jen Moore made Conflates or goes into the stories Maria Von Trapp wife of Barron Von Trapp and some Glorian Donegan a daughter of Maria Von Trapp from 1926, identities being confirmed in 2011 at the time of my mother's death. The Von Trapp singers quit singing to fellow Austrian children about Nazism for Franz Kutcherea and flee Austria. Filmed in Ballston 850 N. Randolph Arlington County, VA walking's distance a long walk to the Whitehouse.

It is possible you have watcher her Jun 16, 2018 *CIA, Nazi’s, Vatican, Pedophelia, Child Trafficking, Jung, third eye (Pineal Gland) & more evil* or this video from this screen shot "AsSheTellsIt.png *OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities.* that has the label *"MK Ultra, Mind control, Pedophelia blackmail, secret societies, Jesuits"* and even if you did see them you could not have understood them because for her safety and for mine she withheld the key details of corruption dating back to MK-Ulra and the OSS, then the CIA and interlinks with Vatican covert activities in WW 1 era and WW 2 era and beyond that were well intentioned especially in the mind of Richard Nixon and others from his political base that supported regime change around the world.

That story and the use of unfounded pedophilia allegations against whistle-blower is what this archive will show as she and I have faced various forms of attacks and smears in our attempt to tell this 20th century history still with hidden

components in the 21st century.

Jen Moore created a Term *Pizzagate* as a followup to *Watergate*

The Eastern Distirct of Virginia (EDVA) used comminnations of FBI, CIA, Secret Service, and other agencies who had high level opertions in place to continue to conceeal the JFK and RFK assassinations truths and used the homeless, corrupt law enforcement, and other officials in frame ups and smears and slanders and attacks including the use of thugs who had loyatlyy or would take payments to act on behalf of elite officials in intelligence agencies. Because I was ordered into mental health following a false arrest where my story was not believed mental health patients in those same mental health programs became "snitch" assets to corrupt officials and continue to be used as role playes as other recruits are as well during frame-ups.

The break-ins to homes and offices, phoney allegations pursued on the legal system and press as was done to Jim Garrow continue to this day in 2025 and during the year of her death in 2018 that she had been gathering evidence on the existence of and the motive of.

Crimal Eugenics Racketeering and other property crimes

Framing me with slander to keep me homeless and defraud me with corrupt institutions thus hindering my saftey net in even the most basic security (being in a home without break-ins or attacks, being in public without attacks and

provocatioins, is harassment and hostile activities in a nebulu of false allegations feeding both profiteering on sladerous abuse and utiling abuse allegations as abuse and to encourage abuse of the slander vitcim.

❖ You have heard Pizzgate described incorectly but this is really it

Pizzagate is criminal abuse to slander and be hostile, the slander becoming an excuse to act under where otherwise no State authority is allowable

Abstract page

Abstract Page

To introduce this archive I start with this Abstract Page that explains some of the hidden history she was revealing and how it ties into multiple family lines from the 20th Century with varying degrees of publicly known family histories.

Reclaiming Jen Moore's testimony: Bill Clinton allegation

Original testimony (as stated by Jen Moore)

Source: OSS to CIA, black budgets, Operation Paperclip, & Hidden Identities

Channel: Task Force: Whistleblowers Journey: Live in DC

Publication date: June 17, 2018

Location context: Street scene near 850 N. Randolph, associated in family memory with Catholics, CIA history, and Cold War networks.

Others have asserted "Jen Moore asserted that Bill Clinton sought access to young people for sexual abuse."

This section preserves, as closely as possible, what Jen Moore herself was recorded as claiming, without adding new language or softening the allegation.

Ed Donegan as the onetime resident of that home and biographer or Paperclip and other CIA programs assert the understanding of what Jen Moore actual said needs to be restored to the real storylines and not the misunderstandings of her posted content.

Public misrepresentation of Jen Moore’s statements

After Jen Moore’s death, some commentators and reporters described or paraphrased her statements in ways that, in Ed’s assessment, did one or more of the following:

- ➜ Confused the history of events of the specific nature of CIA and Vatican history, Donegan's, and Allen Dulles into instead allegations of Bill Clinton and abuse of the young.
- ➜ Substituted their own wording or framing instead of using Jen Moore’s direct statements from video or audio.
- ➜ Misunderstood her historical context, including references to intelligence operations, Catholic institutions, and Cold War legacies.
- ➜ Spoke “for” Jen Moore posthumously in ways that Ed regards as inaccurate or incomplete.

This section documents how Jen Moore’s voice was altered or diluted in the public record.

Correction and corroboration of Jen Moore’s testimony

The purpose of this archive entry is to correct public perception by doing the following:

- ➜ Re-centering Jen Moore’s own recorded statements as the primary source, with timestamps and linked media where possible.

- ➜ Providing historical and family-contextual information around 850 N. Randolph, including its ties to Catholics, CIA history, and Cold War dynamics, as remembered by Ed.

- ➜ Gathering any available documentation, patterns, or corroborative materials that speak to the plausibility or context of her claims, while clearly distinguishing between verifiable facts and interpretive commentary.

This section is explicitly corrective: it seeks to align public understanding with Jen Moore's actual recorded testimony and contextual evidence.

Ed's personal and family context

Ed's family history is interwoven with Cold War intelligence activities, Catholic institutions, and the trauma surrounding the assassinations of JFK and RFK.

Following these events and the knowledge of Gladio-related activities, Ed's family renounced formal religious belief, seeing institutional religion as entangled with covert power and violence.

The home or location at or near 850 N. Randolph is significant within this family story, connecting private memory with public Cold War and intelligence history.

For Ed, reclaiming Jen Moore's voice is part of a broader effort to confront suppressed histories and to honor testimonies that challenge powerful institutions.

Archival and ethical stance

This archive does not present Jen Moore’s statements as adjudicated legal fact, but as testimony that deserves to be preserved accurately and examined honestly.

All quotations and paraphrases attributed to Jen Moore are drawn from her recorded appearances or documented statements, with sources and timestamps wherever possible.

Interpretive commentary by Ed is kept distinct from Jen Moore’s own words and is presented as personal analysis, not as a replacement for her testimony.

The goal of this section is to protect the integrity of Jen Moore’s voice, correct misreporting where it can be documented, and give future readers a transparent path back to original sources.

Links

Most of this archive is to preserve evidence that a "Conspirary of Silence" exists (in the langauge of Ted Gunderson, William Colby, John DeCamp, Jen Moore, and Ed Donegan) and proof of that MK-Ultra exists and that MK-Ultra was and is very far reaching as Col. Fletcher Prouty, Jen Moore, Ed Donegan, Ted Gunderson, William Colby, and Mark Lane have assserted.

This set of Links provides some of this content also online such as combing the Jen Moore videos on Seth Rich and other related informatoin or to the original locaions of the information on this Archive.
